

15 PER CENT REDUCTION MADE IN SCHOOL EXPENSES

Local Board Reduces Salaries and Cut Costs

Through reductions in salaries and in the personnel of the teaching staff the School Board at its last regular meeting made a ten per cent reduction in its budget of expenditures for the 1931-32 session.

A salary reduction of five per cent of the 1930-31 salaries was made effective for 1931-32.

The faculty at the Ada Henderson school was reduced by doing away with the position of Director of Physical Education.

In the high school there will be one teacher less devoting time to academic work, while at the same time the Department of Vocational Agriculture is to be established which draws one-half the salary of the teacher in charge from the State and Federal Governments under the provisions of the Smith-Hughes Act.

These savings, along with other changes in salaries and operating costs will reduce expenditures approximately \$6000, or ten per cent of the total annual budget for 1930-31.

Following upon the heels of a five per cent reduction in the budget expenditures a year ago in anticipation of the continuation of the general financial depression, this accounts for reductions within the past year amounting to 15 per cent from the 1929-30 budget and brings expenditures for the next session well within the anticipated revenues, taking into consideration the certainty of marked reductions in tax valuations for 1931.

In spite of the passing by the City Council of the split-tax ordinance, postponing the period for the payment of taxes for the current year without penalty until October 1, the School Board will wind up the fiscal year, which closes August 31, 1931, in better financial condition than in any year since 1925.

As a result of the postponement of the date for the payment of taxes to October 1, the school has outstanding some \$8000 representing its one-third share of the total tax collections for the city on the current rolls postponed to October 1.

Mandate Received In Matthews Case

The case of Fred Matthews, charged with the murder of Joe Hosh in July, 1929, has been affirmed by Court of Criminal Appeals. Matthews on first trial in November was sentenced to 50 years, but the case was reversed on appeal and second trial resulted in a hung jury. Upon third trial he was sentenced to 18 years in the penitentiary which was recently affirmed by Court of Appeals and a mandate of that court has just been received by the district court here.

JNO. W. CARPENTER

Industrial development is one of the greatest of Texas' present needs. Significance of this condition will be outlined by John W. Carpenter, president of the Texas Power and Light Company, before the Texas Press Association in its annual convention in San Angelo, June 12.

Mr. Carpenter is recognized as one of the keenest students of Texas needs. He has been a leader in numerous movements during recent years pointing toward decentralization of industry. Mr. Carpenter recently declared 'Our smaller towns are the white corpuscles in the blood of Texas. For several years they have been constantly losing their vitality. Today's trend is away from them. If they are to survive, which in turn means if Texas survives, they must have some industrial development. It is up to Texas to see that they get it.'

J. L. BROD, PIONEER, IS BURIED IN CAMERON

NATIVE TEXAN SUCCEUMS TO HEART ATTACK HERE SUNDAY MORNING

J. L. Brod, 68, native Texan and pioneer, died at the family residence in Cameron at 3:15 o'clock Sunday morning, May 17, 1931 from a heart attack.

Mr. Brod had been in declining health for about three years and never fully recovered from the effects of the loss of an eye some months ago. When news came Sunday of his death the hundreds of people who had known him were deeply grieved to learn of his passing.

Mr. Brod retired at his usual hour on Saturday night and when members of the family left his bedside at midnight he was apparently resting well. The heart attack occurred shortly after 3 a. m. and he died within a few minutes.

He was 68 years of age and was born in Colorado county of pioneer German parents, his grandfather having come to Texas when a young man and settled in that county where the succeeding families were born and reared. He was married to Miss Mary Liemann in Colorado county 48 years ago. He had been a resident of Cameron for the past 18 years and had been engaged in business practically the entire time. He retired about three years ago and had lived quietly at his home here with his wife who survives him.

His life was spent through busy years and like all the pioneers he never forgot the ways of those who grew to manhood and lived through a stirring period in Texas history.

Funeral services were held Monday morning at 8:30 o'clock, May 18, 1931 at St. Monica's with Rev. Geo. Adel, pastor, reading the impressive Catholic funeral rites. Interment was made in the Catholic Cemetery in Cameron with Green Brothers directing the funeral arrangements.

Pall bearers were as follows: Tom Tallent, John McAtee, C. A. Hughes, Leo Laake, A. J. Matocha and Ben Boedeker.

He is survived by his widow and children as follows: A. J. Brod of Rosebud; E. L. Brod of Cameron; O. J. Brod of Davilla; Mrs. Ray McAtee of Rosebud; Ed Brod of Corpus Christi and Mrs. Lee Marek of Jones Prairie.

One brother, C. F. Brod of Waco also survives him.

The Herald joins their host of friends in Cameron and throughout this section in extending sincere sympathy.

J. C. Mayfield and daughter, Miss Ida Bird and Miss Oleta Reese spent Friday in Waco.

Read Herald When It Was "Sentinel"

I have been reading the Cameron paper since quite a child, even when it was the 'Cameron Sentinel' and printed by the Cammer family out in the suburbs of the town, fine lot of boys and girls they were, Katie and I were about the same age, and got acquainted when we both started to school to J. C. Oxenford and about the time Vol Reed, Willard Streetman, Clint Reese and others of that age were finishing school there. It was a fine bunch of youngsters even as a child I didn't see them do anything that they should be ashamed of.

When my father moved to Milam County there were three general dry goods and grocery stores, seven saloons, drugstore and postoffice were in one building and kept by Major Moore, Mont's father. How we did enjoy calling for the mail after school in the afternoon and too, maybe he would give me an empty box. How we enjoyed even a Tutts Pill box and now boxes are a great clutter if left unburned for even a day.

OAKIE IN LARDNER VERSION OF MIRTH

COMBINATION MAKES BIG HIT FOR MILAM THURSDAY AND FRIDAY

Ring Lardner and Jack Oakie, names that mean much in the realm of humor, are again linked in a common cause in 'June Moon,' the comedy smash of 'tin pan alley' life which comes to the Milam Theatre on Thursday and Friday.

Ring Lardner is one of the most popular and at the same time, most brilliant of America's humorist-fictionist-playwrights. He first attracted attention with his series of baseball stories, 'You Know Me Al,' in the Saturday Evening Post several years ago. He has since written regularly for the newspaper syndicates a series of humorous letters setting forth his amusing views on this and that subject. His book, 'How to Sell Short Stories' was accorded glowing praise by scores of literary critics here and abroad. Last year he collaborated with George S. Kaufman in the writing of 'June Moon,' one of the most successful comedies of the past season on Broadway.

Lardner was the co-author with George M. Cohan of 'Elmer the Great,' the play which became one

HEALTH SURVEY FOR PRE-SCHOOL CHILDREN

PUBLIC HEALTH NURSE AND PHYSICIANS TO WORK HERE MAY 25

The summer round-up of pre-school children will be held at the Ada Henderson school on May 25 at 3:30 p. m. by local doctors and dentists assisted by the public health nurse, Miss Sue Nickerson. This is a campaign to send to the entering grade of school a class of children as free as possible from remedial physical defects.

There is a need for this work as it is reported that the average American child is only 25 per cent physically equipped; that 3,000,000 school children have hearing losses of varying degrees and that in a study of pre-school children, nearly 25 per cent needed glasses. It is hard for children so handicapped to keep up with their school work and it is not fair to expect them to compete with children physically sound.

Where defects are discovered the child is referred to the family physician or dentist for final opinion and treatment.

YOE HIGH TO GRADUATE LARGEST SENIOR CLASS

Beautiful cards for Yoe high school class for 1931 are being received by friends of the graduates. They bear the cut of the South front of building, with an archer above.

This is the largest class to graduate in the history of the school.

There are 58 girls and 35 boys, making a total of 93 students that will go out from the school this year.

The class motto is 'Excelsior'; the class flower, sunflower; class colors, blue and gold.

SETS NEW MARK

Stanford scored its eighth successive annual victory over the California Bears, but a California trackman set a new National Intercollegiate record. Kenneth Churchill tossed the spear 220 feet 9 inches. He set the former mark of 217 feet 7 inches two weeks ago in a meet at Berkeley against the Washington Huskies. He holds the Intercollegiate A. A. A. record of 212 feet 5 inches made last year at Cambridge, Mass.

Moonlight Prowlers At Skeezi Saturday

The Moonlight Prowlers will furnish music for the big dance at Skeezi on Saturday night of this week. Manager Elwood Cammer hopes to greet a large number of guests at the dance which will be one of the most interesting entertainment occasions of the year.

A unique dance is announced for Thursday night, May 28. It is known as the Camel Dance. Admission to this dance will be gained by the purchase of one package of Camel cigarettes at Skeezi on Thursday, May 28. This dance and the unique admission charge is exclusive with Skeezi.

Music for the Camel Dance will be furnished by a famous Camel cigarette orchestra.

Operation Performed On Mayor Chambers; Is Resting Well

Mayor W. W. Chambers was reported Thursday at noon to be resting well in the Scott and White Sanitarium in Temple following an operation performed at 8 o'clock Wednesday morning for removal of cancer.

Surgeons had completed the operation and the patient was in his room at 11 o'clock Wednesday morning and spent a restful night.

Indications are that Mayor Chambers will be greatly improved and this news will be received with interest by his many friends in Cameron.

William Rogers Loses Eye; Operation For Removal Tuesday

Friends here and elsewhere will regret to know that it became necessary on Tuesday of this week for surgeons to operate for removal of the right eye of William R. Rogers in Temple.

Mr. Rogers is resting well at present. An effort was made through several weeks to preserve the sight and then the ball, but an operation was necessary to remove the eye.

Cameron residents will regret to learn of this but will be pleased to know that Mr. Rogers is recovering.

FIREMEN SCHEDULE

For Saturday Ben Arnold will be seen in action against the Firemen on the Lawless Green Field.

On Sunday Rogers will be here for a double header.

Both of these teams are in the Temple and Waco cup races as is Cameron, so as all these games court in both races the fans are assured hard fought games.

JOINER NO. 1 WILL SPUD SOON

Materials are being moved in for C. M. Joiner No. 1, J. A. Foster 413 acre tract, A. G. Perry survey, Milam County, Texas.

This test is on a block assembled and core drilled by the Red Bank Oil Company. It is a fault line structure. The well will be drilled to the Edwards lime at a depth of about 5000 feet. Drilling operations will be started at once.

W. F. HARPER IS BURIED WALKERS CREEK MONDAY

PIONEER RESIDENT PASSES TO REWARD AT FARM HOME MONDAY NIGHT, MAY 18

William F. Harper, 62, pioneer resident of Milam county and native of Alabama, died at his farm home near Jones Prairie on Monday night, May 18, 1931 at 11 o'clock following a long period of illness resulting from heart trouble.

Mr. Harper had been in declining health for the past three years and had been suffering from heart attacks for some months. While his condition was known to be serious his death came as a severe shock to hundreds of friends in Cameron and throughout the county and community in which he had lived since a small boy.

Mr. Harper was born in the state of Alabama 62 years ago and came to Texas when a small boy. He had been a resident of Milam county for about 50 years. At the age of 18 years he was married to Miss Jennie Cage and they settled near the home in which he died more than 40 years ago and began their life together.

Mr. Harper early turned his attention to farming and was a success having accumulated a large estate. He was a good neighbor and lived to bless those who came under his influence and when he died on last Monday he was mourned by hundreds who knew and loved him. He was a member of the Baptist church, having become a member at the age of 16 years and had lived in that faith since.

Funeral services were held Tuesday (continued on last page)

Octopus and Captor Visit In Cameron

Jack Jordan, former deep sea diver is in Cameron this week and has on exhibition an octopus or 'sea devil' he claims to have killed in the gulf waters several years ago.

Mr. Jordan has the sea monster on display in the building adjoining the Two Brothers Barber Shop. No doubt many of the people of this vicinity will see this exhibit.

The monster was captured by Jordan 45 miles from Texas City in the gulf waters.

Milam County Lambs Top Texas Market

January lambs raised by Will Davis of Sharpe topped the Texas market this week in Fort Worth.

Mr. Davis transported 25 of these lambs by truck to Fort Worth this week and they were the best marketed this year in that center.

The lambs were raised on the Davis farms at Sharpe. They averaged about 70 pounds each and the price paid for them should be an encouragement to stock farmers in this section.

MRS. ED A. MARTIN ILL

Friends in Cameron will regret to know that Mrs. Ed A. Martin is in the Cameron hospital, critically ill.

Alex Martin of Eagle Pass reached Cameron last week to be at the bedside of his mother who is the widow of the late Dr. E. A. Martin, pioneer physician of Cameron who is buried in Oak Hill cemetery and a son, the late Jones Martin is buried in Oak Hill.

Mr. and Mrs. Martin came to Cameron many years ago and he began the practice of medicine here. Dr. Martin had been a resident of Texas since 1857.

VOCATIONAL AGRICULTURE WILL BE TAUGHT IN CAMERON

Board of Education In Cameron Gets \$1000 From State

The Board of Education of the Cameron Public Schools has just received notice from the State Board for Vocational Agriculture at Austin that application for funds to assist in the establishing of a department of Vocational Agriculture in the Cameron high school has been approved and \$1000 allotted to Cameron for the twelve-month period beginning July 1.

The Board at the same time announces the employment of Mr. A. C. Strickland as teacher of Vocational Agriculture. Mr. Strickland is to devote his entire time to the teaching of this subject and to extension work among the adult farmers of Cameron's trade territory.

Prior to the time he came to Cameron Mr. Strickland was in charge of Vocational Agriculture work at Coolidge where he built up a strong department. Immediately after the close of the current school session he will enter A. & M. College for study preliminary to the setting up of the course in Cameron.

This new department is meeting the hearty approval not only of the high school boys, but of the business and agricultural interests of Cameron generally. The Commercial Club at a recent meeting pledged its support and will assist in a financial way in meeting the initial cost of equipment for the new department.

FUNERAL SERVICES FOR DR. T. J. DENSON HELD

HUNDREDS PAY TRIBUTE TO PHYSICIAN BURIED HERE ON SATURDAY

Funeral services for Dr. T. J. Denson were held Saturday morning, May 16 at ten o'clock at the First Methodist church by Rev. C. A. Lehmberg, pastor, assisted by Rev. J. P. Love of the Episcopal church, Rev. Joel B. Hardigree, pastor of the Christian church and Rev. O. C. Acree of the Presbyterian church.

Dr. Denson died suddenly of heart attack Wednesday afternoon at one o'clock at his home, 212 East 13th Street. He had been a resident of Cameron nearly twenty-five years and had endeared himself to a large circle of friends.

The body lay in state at his home from Wednesday evening until Saturday morning, where hundreds of friends from all parts of the country and over the state gathered to pay their last respects to one loved in life and mourned in death. The beautiful gray casket in which the body lay, was surrounded by gorgeous floral offerings that came from loving friends; coming from all walks of life; from Mexicans who loved their doctor who had ministered to them in times of pain and sorrow, and colored friends, ever loyal to those they love.

The large church edifice was packed to capacity at the funeral, many not being able to get seats. A male quartette from both the Methodist and Baptist churches rendered music. The pastor selected part of Verse 38

This Man Isn't Afraid!

Did you ever hear the joke about the Scotchman who fired off a gun in the back yard and then told his children that Santa Claus had committed suicide? Well, aren't some of us like those credulous children? Hearing the noise—the noise of falling stocks seventeen months ago—we believed that it meant the end of all cheer and bounty . . . whereas it was nothing but a noise and a rumor, the noise of the exploding of paper profits, like a paper bag that has been inflated and rudely jarred.

We must smile at our fears. We must join step with Mr. Fearless Spender and refuse to believe the dismal rumors of pessimists. "Pack up your troubles . . . and smile!"

CAMERON MAKES SIXTEEN HITS COUNT FOR THIRTEEN RUNS SUNDAY

By SUNNY POPE

The stage was all set Sunday afternoon at the Lawless Green Field for a ball game between Cameron and Hillsboro but it turned out to be battling practice for the Firemen as they won thirteen to one. A base on balls, an error and a two base hit in the sixth was their only score as Unk Young let the visitors down with only four hits, fanned ten and walked five. Hill started for Hillsboro but traded positions with Stokes in the seventh. In this game the Firemen batted .410.

'Pepper' Young, in a Cameron uniform for the first time this season, led with .666 while McDonald and

Kenneth Keith hit for .600 and Tex Miller and Vogelsang at .500.

This is the fourth game played and won in the Waco race.

1-tfc AVERA & STEDMAN

The tendency during a depression is for those in debt to pay off their debts as rapidly as possible. In normal times debts are contracted that are paid off in dull times. When good times return they will find everyone who has been able to pay up with a clean slate. This will make good business better.

We have noticed that the fishing never seems to be very good where there is a comfortable bank to sit on.

SUNNY SIDE

By SUNNY POPE

Cameron has two ball teams according to the way they play. One day they will play the most mediocre kind of a ball game against a team that should be easy pickings for the Firemen and lose a game by their listless playing. The very next day they play a much better team and win their game with ease.

Behind Keith's pitching the Firemen made five errors. In the second game of the double-header they played errorless ball while Worcester was on the mound. These five errors doubtless caused the loss of the game.

At that though Garrett outpitched Keith in the first game. Keith struck out but three while he walked six. Garrett had eleven strikeouts and only two walks. The only two earned runs Maysfield made in the first game came in the ninth when B. Threatt singled and scored when G. Threatt, next man up, put the ball over the left field wall. Cameron earned but two scores, one in the second and the other in the eighth.

In the second game Maysfield again outpitched the Firemen but Worcester kept their hits so well scattered they made their four runs two in the fourth and two in the sixth.

Walston blew sky high in the sixth inning as the Firemen were scoring seven runs on six hits, a walk and a sacrifice hit. Worcester and Jenness hit at a .666 clip, while Peel was at bat only once and got a hit. Wiley contributed two hits in four times up.

In Sunday's game the best crowd of the season turned out to see the game but it was far from being a record breaking crowd. Jenness put all the strength in the club in the lineup at the beginning and it was apparent early in the game the Firemen would have little trouble winning their game. In the seventh, eighth and ninth innings substitutes were shoved into the lineup. The team batted .410 in the hardest hitting game of the season.

Pepper Young made his initial appearance in a Cameron uniform and performed in his usual brilliant manner. K. Keith, McDonald, Miller and Vogelsang led in the offense.

Unk Young allowed but four hits for the nine innings, struck out ten batters and walked five.

Hill was replaced by Stokes in the last half of the sixth.

Games for this week end will bring Ben Arnold here for one game, Saturday, May 23. The following day, Sunday, Rogers will play a double header here.

Most of the players are so needed working crops it is impossible to get games except for Saturday and Sundays.

Unk Young gets credit with having won three cup race games, namely, Sharp, Rogers and Hillsboro, with none lost.

Archie Pell won over the Waco Gasers and Rosebud.

On April 26 R. Keith beat Rosebud at Cameron 14 to 13.

On May 16 R. Keith lost to Maysfield and on the same afternoon Worcester won the only game he has started against Maysfield.

Pepper Young's acquisition settled the infield enigma for the Cameron team. This puts Doug Williams back on his old job at second with Kenneth Keith or Wiley or Worcester on third.

When Peel is not pitching he will share the first base job with Bubber McDermott.

For the outfield there are McDonald, Miller, Walker, Vogelsang, Baggett, Thompson and F. Young.

Henry Luksa was signed up for the pitching job and reported Sunday in uniform but Unk was going so well no changes were needed.

When the averages are released next week there will appear the roster of the team expected to carry the team to this year's championship.

Synthetic Daylight Makes Frigidaire More Attractive

Dayton, Ohio, May 16.—Synthetic daylight, said to be an exact reproduction of Old Sol's best effort, has been perfected by lighting experts so that the porcelain sides of the American homemaker's electric refrigerator will be as perfectly matched as her finest set of dishes.

By blending clear and colored incandescent lamps the experts have created a daylight department in the mile long Frigidaire factory here, which is illuminated with the best quality of daylight regardless of the weather. Constant daylight was necessitated when Frigidaire announced that in the future these electric refrigerators would be finished in snow white porcelain on steel. This gleaming finish, it is said, will blend with any kitchen color scheme.

Three coats of porcelain are baked onto the steel sides of the new Frigidaire at a heat of 1600 degrees Fahrenheit. When the last coat is fused into the steel panels, the panels pass along a production line beneath the artificial daylight. There trained eyes match the panels. Any departure from the snowy color is quickly detected and the panel is removed from production.

Flint hard and having the appearance of glass, this porcelain on steel finish is extremely durable. The scraping of pans and dishes across the flat service shelf top will not mar it, dirt and even ink and crayon marks can be erased with a few strokes of a damp cloth. Like the mechanical unit of these refrigerators, the finish is guaranteed for 3 years. The interior is just as white and sanitary, and in addition is acid resisting, immune to the strongest fruit juices. Its rounded corners make it as easy to clean as a china dish.

A Dream of Tomorrow

The great captains of industry today are men who had merely a vision and energy a generation ago.

They worked hard, they made their dream take shape in concrete and steel and glass.

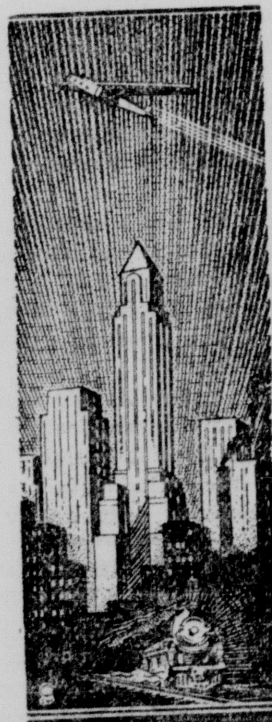

Without a systematic application of your energy and industry your earning power is wasted with the years. That is where this bank plays a big part in your scheme of things.

Not only do we give friendly financial advice but we offer you means to save and to accumulate and to preserve what you earn in your formative days when plans are made and dreams are occurring.

Don't wait until it is too late. Come in today and let us serve you.

WORK TOGETHER TO WIN TOGETHER

One of the most difficult things one is called upon to do is to give up having one's own way, gracefully and join in on the other fellow's plan and help put it across.

There is in every community men who are dynamos in energy and action, but who never use their talents for the advancement and upbuilding of their own town because the plan adopted was not their plan. They are afraid that some one else will get the credit and are unwilling to submerge their efforts with the efforts of others in the common program.

It requires a bigger man often times to be a helper in a program and private in the ranks than it does to carry the banner and point the way.

Cameron has a number of men who can sit down around a table and outline a fine, constructive program for this community. Before their program can succeed, it must have the earnest worker in the ranks who is content to work along in his humble position and see someone else receive the major portion of the praise and credit.

Let's all get behind our leader whenever they may be and work for the common interests of Cameron.

If Cameron prospers and goes ahead, every citizen, every business and professional man in Cameron will win because of it.

We must work together to win together.

CHOICE INFLUENCED BY ADVERTISING

Whether it is the choice of a breakfast food, a new shirt, tie or automobile, it is influenced by advertising.

The purchaser may not be aware of it at the time, but if he should stop to analyze the elements entering into his decision, he would discover that back in his subconscious mind there has been built up a prejudice in favor of a certain brand or article by the advertising that article has received.

Advertising can bring to a store, trade that otherwise would never have found its way inside the door. It can develop new trade territory, and new customers for the store. It

can make popular articles that would otherwise find no sale.

Carefully written, well thought-out advertising, backed by good, dependable merchandise, the right service, and modern merchandising methods will bring business and prosperity to any merchant who employs them.

One editor gives it as his opinion when the quartets quit singing Adeline, we may safely conclude prohibition is effective. Regardless of whether prohibition ever becomes effective we do not expect the quartets to quit singing Sweet Adeline. There are two or three reasons for our belief. First, this time honored song touches upon a theme that is too deeply grounded in the human race to ever permit this classic to die. Older singers may discard it as father time plays havoc with their voices, but the rising generation will always be singing Sweet Adeline. Another reason that Sweet Adeline will continue to live is that there are few songs which allow such scope and range for budding tenors. It is one of the few songs that can be handled by the embryonic male quartet whose members are going through the stage of changing voices. A half dozen off key notes do not mar the harmony of Sweet Adeline. For these reasons Sweet Adeline will continue to live whether prohibition stays or goes.

Fortune awaits the man who discovers a lawn grass that grows about an inch high and then stops growing but remains green all summer.

The custodian of a grounds who was annoyed because people cut across the lawn and destroyed the grass, erected a sign reading: 'If you are lazy, go right across here.'

Diogenes spent his time going about looking for an honest man. If old Diogenes were on earth today he would be so busy looking for a job he wouldn't have any time to hunt for honest men.

of the Tenth Chapter of Acts as his text: 'And He went about doing good,' and spoke words of love, and consolation to the bereaved family and friends.

The surgeons and doctors of the Cameron Hospital, and nurses attended in a body. Business houses were closed and all attended the funeral.

The long line of cars on the way to the cemetery passed groups of negroes and Mexicans who had stationed themselves along the streets to take their last look at their friend as he was born to Oak Hill Cemetery. The Masons had charge as the casket was lowered in the grave, paying their last respect to their brother and friend.

Floral offerings covered the entire lot and were left as silent sentinels to keep watch over the newly made grave.

Pall bearers were J. C. Tucker, W. O. Triggs, A. J. Triggs, W. B. Levy, J. C. Martin, Dr. James Watson, F. C. Fahrendorf and R. P. Jeter.

Oakie

(continued from page one)

of Oakie's most famous pictures—'Fast Company.'

The screen version of 'June Moon' preserves all of the choice humor of the original Lardnerian opus and adds more by way of vivacity and spirit through the capable performance of the genial Oakie.

Oakie is seen as the 'boy wonder' who comes to New York from Schenectady with the intention of cleaning up a million dollars in a few weeks by writing popular songs. He never gets very far, but he has a lot of fun doing it. He is supported by a capable cast including Wynne Gibson, the gang queen in 'The Gang Buster,' Frances Dee, Chevalier's sweetheart in 'Playboy of Paris,' and others.

A. Edward Sutherland who directed Oakie in 'The Sap from Syracuse,' 'The Social Lion,' and 'The Gang Buster,' bossed 'June Moon.'

Previewers who saw 'June Moon' in New York recently declared that it is even more amusing as a screen play than it was in its thoroughly hilarious original stage form.

In reviewing the New York season in another section, Mantle says 'Chief of the October hits was 'June Moon,' an hilarious satire of the tune shops, written by two of the country's favorite humorists, Ring Lardner and George S. Kaufman. Starting with a positive rush, it improved the pace until it had played well into the spring months, and is herein included as one of the representative comedies of the year.'

Based on Short Story
The combination of Lardner and Kaufman talents gave 'happy promise' with the announcement that they had made a play from Mr. Lardner's short story 'Some Like 'em Cold.' Mantle reports: 'Each is outstanding in his achievements as an American humorist, Mr. Lardner pre-eminent as a representative of the homely wit of the middle West, Mr. Kaufman a leader of those Eastern satirists who have grown up in the sophisticated atmosphere of a smartly artificial New York and come recently into popularity.'

The filmization of 'June Moon' has been said by more than a few critical observers to be an even more satisfying job than the stage original.

Competent Film Cast
With Oakie as the song-writing Schenectadian who goes to the big city and gets mixed up with gold diggers and song pluggers, the supporting cast includes Wynne Gibson, the underworld queen of 'The Gang Buster,' Frances Dee, Chevalier's sweetheart in 'Playboy of Paris.'

PARENT-TEACHERS IN ELECTION OF OFFICERS

PROGRAM FEATURES SEASON'S LAST MEETING HERE TUESDAY

The last meeting of the Cameron Parent-Teachers Association for the season was held Tuesday evening in the basement of the First Methodist church. Mrs. Roy Law, president, presided over a business session. Election of officers for the coming year were as follows: President, Mrs. S. M. Burns Jr.; Vice-President, Mrs. Pope Sapp; Recording Secretary, Mrs. J. P. Love; Corresponding Secretary, Mrs. R. G. Lyons; Treasurer, Mrs. J. B. White.

Following the business meeting a splendid program was given. Dr. W. R. Newton spoke on Health, stressing the need of a County Health Nurse. Miss Sue Nickerson of the State Health Department, Austin, spoke along the lines of health and the work that is being done in community health program that is being carried on in the county. Miss Vivian Weaver of the Home Department of the Cameron Ice and Cold Storage Company gave a health and food sanitation talk, and served the guests with punch from a large block of ice, compliments of the company she is with.

Mrs. J. B. White had charge of the department for children and conducted indoor games for them in a separate department in the basement.

Rev. O. C. Acree, pastor of the Presbyterian church, conducted a delightful indoor games for the grown-ups.

The Association wishes to express their thanks to the Methodist people for the use of the basement and to the Cameron Ice and Cold Storage Company for the punch, and to all who aided in making the evening a success.

Miss Ivy Armstrong To Enter University

Miss Ivy Armstrong, who for the past three years has had charge of Physical Education and playground supervision in the Cameron Public Schools, has resigned to enter the University of Texas.

Because of her superior training and aptitude for this type of work, Miss Armstrong has built up an exceptionally strong department of Physical Education both among the elementary grades and among the high school girls.

She has a host of friends in Cameron who will regret to learn of her plans to sever her relations with the Cameron Public Schools. No teacher will be employed to fill the position left vacant by Miss Armstrong's resignation, work in Physical Education having been distributed for the 1931-32 session among teachers already in the system.

DUNCAN H. D. CLUB

The Duncan Home Demonstration Club met with Mrs. Frank Worley on May 13. Fifteen members and six visitors were present. A report was given on living rooms. A plan was made to raise money for the Short Course at A. & M. There will be a health meeting at Duncan May 27. This will be a joint meeting of Duncan, Sharp and Tracy. The health nurse will make a talk at 3 o'clock.

After a business session all went to the woods to study trees and shrubs that would be pretty in the home yards and several carried some home to plant in the yard and some tied strings around them so they could be found next fall. A picnic lunch was enjoyed by all.

Mrs. Pearl Smith, Reporter.

CHOIR ELECTS OFFICERS

At a meeting of the Methodist Choir Wednesday evening the following officers were elected:

President, Mrs. R. H. Johnson.
Vice-President, W. A. Bonds.
Treasurer, W. H. Stafford.
Secretary, Mrs. W. A. Bonds.
Librarians, Mrs. Walzel and Mrs. Juanita Lyons.
Reporter, Miss Frankie Slaughter.
Organist, Miss Lucille Dickard.
Director, Mrs. Loula Clinton.

Thursday evening the choir will enjoy a picnic in the basement of the church.

CARD OF THANKS

We wish to express our sincere appreciation to the many friends for their kindness and sympathy shown us in this hour of sadness.

For the beautiful floral offerings also, we express our appreciation. May God's blessings rest upon you in times of sorrow.

Mrs. W. F. Harper and Children.

REVIVAL SERVICES AT FIRST CHRISTIAN CHURCH HERE

John W. Darby of San Antonio, Texas, one of the leading evangelists of the Christian Churches in America will begin a series of services with First Church Sunday morning at six o'clock with a short message on the Holy Spirit. The first service will be a Union Meeting participated in by the several religious leaders of the city. Mr. Darby will continue in his services for a period of three full weeks or more bringing great gospel messages each evening at 7:45 except Saturday.

In the coming of Mr. Darby we are offering you an opportunity of hearing one of the outstanding Christian statesmen in the Christian churches of America. He has served some of the larger churches in our brotherhood and easily classifies as one of our very best pulpit orators. The editor of the Tulsa Oklahoma World says, 'Mr. Darby is one of the best pulpit orators in America. His sermons are literary gems, highly instructive and uplifting in every detail.' The Tulsa Democrat says, 'Mr. Darby is destined to become one of the leading preachers of the country. He will be known as an evangelist that is not afraid to stand for Christianity at any and all times. Not afraid to speak the truth in his sermons and not afraid of incurring the wrath of wicked church members by speaking this truth. He has the elements of greatness and these will carry him far.'

Hear him discuss 'PENTECOST AND THE HOLY SPIRIT' at 6 a. m. Sunday; 'THE PASSION FOR SOULS,' at 11 a. m.

His message to the Young People at Baptist church at 6:45 p. m. and his unusual message—'IS THERE A GOD,' at the Christian church at 7:45 p. m.

You will then want to hear him throughout the three weeks. We have served the people of this community without asking their religious affiliation therefore feel free to invite all the people to join with us in making this one of the best meetings in the history of our fine city. WE PROMISE YOU FINE FELLOWSHIP, GOOD MUSIC AND THE BEST PREACHING YOU HAVE EVER HEARD. Give this winner of men a chance to win your heart to Christ.

Joel B. Hardigree, Minister,
First Christian Church.

May 29, Ben Arnold Conference at 9 a. m. and Gause Conference at 3:30 p. m. at Baptist church.

An interesting follow-up will be announced in next week's paper.

MR. JACK LEWIS TO SPEAK AT METHODIST CHURCH

In the absence of the pastor who is to deliver the commencement sermon for the Thorndale high school at that hour, County Attorney Jack Lewis will speak at the 7:45 p. m. hour next Sunday. We welcome this Christian layman in our pulpit and bespeak for him such a hearing as he deserves. At 11 a. m. the pastor will preach using as his subject: 'Lessons from the Life of Abraham.' Good music morning and evening.

Sunday school at 9:45 a. m. and Epworth League at 6:45 p. m. A cordial welcome awaits all at any of our services.

PLACES IN TRACK MEET

Ed Thompson, former Texas Aggie track star, and a Cameron boy, won second place in the mile run and 4th place in the four mile run at the Texas Neighborhood Athletic Association meet in Houston Saturday. Thompson will enter the 20 mile marathon race to be held in Houston, June 6.

Restless, could not sleep

"THERE were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night.

My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."—Mrs. T. R. Gibson, Fort Payne, Ala.

Henry was accompanied to Austin by Mrs. J. Robert Bailey of Cameron and Miss Edna Zelisko of Buckholts who were teachers in that school during the past term.

DR. T. J. DENSON

Saturday, May 23, 1931

Editor, Cameron Herald,
Cameron, Texas.

I have just learned, with great sorrow, of the death of my very dear friend, Dr. T. J. Denson and since I was unable to attend the funeral, I am wondering if you will permit me space to express my sincere estimate of Dr. Denson? And to express my deepest sympathy to the family and relatives?

Dr. Tom, as I always loved to call him, and I were close friends during the entire time of my residence in Cameron. Now, I don't mean by that that we were well acquainted merely. I mean just what the word 'friend' connotes. One does not meet people every day whom they can truthfully call friends; but in all my association with men, in many different sections of this country, I have never met one to whom the term could be more truthfully applied. I could not have loved Dr. Tom any more had he been a brother. I loved him for his high ideals, for his heart of pure gold, and for his sunny disposition.

While living in Cameron there were many times when I sorely needed a steady word—some word to encourage and inspire. At such times I would often slip off and seek out Dr. Tom. May I say, without any attempt at flattery, that I always left him in a better frame of mind, and felt it was good to have been with him. His sunny disposition was contagious. Too, Dr. Tom was not the kind to confine his aid to advice and platitudes. If one absorbed his radiant cheerfulness, well and good; but if material help were also needed, how well do I know his willingness to render such aid.

And now Dr. Tom is gone! I can't believe that such a life has faded eternally out of the picture. I do not know what goal, if any, evolution is working to; but I cannot help thinking that it is not trying to destroy its own work. If so, why produce such a man in the first place? With no attempt to dogmatize about the nature of our Universe, I must say that I do not believe Dr. Tom is dead. Rather, I think, he has passed on into a more useful life where he can make progress without the handicaps he endured here. I cannot feel that I have lost his valued friendship. Somehow (is it mere fancy?) I expect to meet him again under far more favorable circumstances for a truer expression of friendship.

Only one thing I regret about my friendship with Dr. Tom, and that is I was always on the receiving end, and, so far as I know, contributed nothing to him. I often noticed that while deeply interested in whatever may be troubling me, he seldom spoke to me of his troubles. When I think of this it makes me feel small indeed.

In conclusion, I wish to express my deepest and sincerest sympathy to Dr. Tom's family and relatives. I only wish there were something I could do to make their grief more endurable.

FOX SCHOOL BOY ATTENDS STATE MEET

Fox rural school was represented in the State Meet of the Interscholastic League at Austin on Friday and Saturday, May 8 and 9, by Henry Abel who participated in the Rural Pentathlon.

Henry won first place in the Rural Pentathlon in the County. He attended the district meet at Waco and also won first place there which entitled him to participate in the State meet. He made a splendid showing at the state meet winning second, third and fourth places in three out of five events listed in the Rural Pentathlon.

The community is exceedingly proud of the fine record which Henry has made. This is the first time in the history of the school that a student from there attended either the District or State Meet. One interesting fact is that Henry was the

There is no folly equal to that of throwing away friendship in a world where friendship is so rare.—E. Bulwer Lytton.

LOWRY MARTIN

In the Texas daily newspaper field no man has accomplished as has Lowry Martin of the Daily Sun, in an advertising way. For years Lowry Martin has been recognized as one of the foremost publishers of the state. He has served as president of the tenth district advertising league, he has served with the American Newspaper Publishers Association, he has had the distinction of his paper, the Corsicana Daily Sun, being given first place in 1930 by the Editor and Publisher and American Press Association as having carried more live advertising than any other daily paper in the country published in a city of 30,000 or less.

Mr. Martin is serving as chairman of the general program committee of the Texas Press Association, to hold their convention in San Angelo, June 11, 12 and 13. As chairman of this committee he is responsible for the wonderful list of inspirational speakers who have accepted places on this program.

COMMERCIAL CLUB

Meeting was called to order by President Avriett at 8 p. m. Roll call showed a quorum present as follows: Giles L. Avriett, J. W. Coleman, F. S. Lesovsky, W. M. Cobb, J. C. Tucker, August Horstmann, Geo. Gott, George Graves, F. J. Becker, J. C. Young, Bassett Watson, Geo. Banzhaf, Stanton Dossett and M. G. Manning.

Mr. Horstmann reported that the street numbering for extra mail carrier is meeting with some opposition by people who do not seem to understand what is being done, but the work is going ahead.

The marketing of cattle in car lots and less was discussed and the matter was, on motion referred to the special committee.

Mr. Banzhaf reported that a meeting would be held in the court house Friday night in the interest of the cooperative marketing of poultry.

Mr. Beckerman called attention to the fact that the early closing of the banks was working a hardship on the business men and asked that they be requested to close later on Saturday. The bankers present agreed to talk to the others and see if they will not do this.

Mr. Dossett called attention to the bills passed by the legislature to regulate the trucks and asked that the club wire the governor asking him to approve the bills numbered 335 and 336. On motion duly made and carried the president was authorized to do this.

Odd Pledges Accepted by Spanish Pawnshop

Pawnshops are often amazingly interesting places—especially when you happen to be hard up. And the most curious of all of them is probably one in Barcelona, Spain, where birds and animals are accepted as pledges. Bears, camels, horses and dogs are accepted by this unique "uncle" as a matter of course. The chief patrons are circus proprietors. One polar bear who was handed, so to speak, over the counter by his needy owner proved to have an appetite more remarkable than that of any small boy at a Christmas party. His owner could not redeem him, and other circus proprietors who visited the shop in search of four-footed "turns" were apparently aware of his fame as an eater, for no purchaser could be found for him. At last he had to be killed, lest his food bill ruin the business. A woman snake charmer recently gave into the care of "uncle" a collection of performing snakes! She needed money to return to her native country. A few months later, however, she succeeded in redeeming her pets from their temporary home.

Tourists for 300 Years

Delft in the Eighteenth century was celebrated for its pottery and porcelain—this repute has gone, although there is a modern cheaper Delft ware which gets some honor from the past. The modern tourist hardly notices it when he finds this really delightful old Dutch city. He is more apt to be led by his guide to see the Prinsenhof on the Oude Delft, where the great William of Orange was killed in 1584, by his murderer Gerard, or to see the tomb of Admiral Tromp in the Oude Kerk, for he was the victor of 32 naval battles, including the defeat of the English fleet. Grotius, the first international lawyer, also lies here. The Dutch consider it one of their most interesting places and for 300 years it has received tourists who praise it.

O. E. S. MEMORIAL MEETING

Cameron Chapter Order Eastern Star held open meeting Thursday night at the Masonic Temple with Mrs. W. E. Kuehl, Worthy Matron, Judge Jeff T. Kemp, Worthy Patron presiding, for the purpose of paying respect to deceased members of this chapter and jurisdiction.

The hall was appropriately decorated in the Star colors. Mrs. Alex Triggs gave the memorial music with Mrs. W. B. Levy at the piano. Miss Delphya Scott, in the name of the chapter, presented the Worthy Matron with a beautiful corsage of sweet peas, at the close of the program.

Tuesday, May 26, the chapter will elect new officers for the ensuing year.

ATTEND SINGING CONVENTION

The Milam County Singing Convention met at Thorndale school house Sunday for their quarterly meeting and held an all day session with dinner served at noon consisting of barbecue and chicken with good eats of all kinds.

Judge Jeff T. Kemp and wife, Judge and Mrs. John Watson, Mrs. Burl Pugh, Mrs. Wilkerson and Miss Dorcas Batte attended from Cameron.

Senator Poage of Austin was present and Alex Connolly, old time song leader, was present. There was an unusually large crowd present from all over the county.

The next quarterly meeting will be held the third Sunday in August at Davilla.

MISSIONARY SOCIETY

The ladies of the Missionary Society met at the church Monday afternoon at 3:30 for Missionary Voice lesson with 17 members present. Mrs.

M. M. Johnson, president, presided and led the devotional, taking the 23 Chapter of Luke. Mrs. R. B. Rylander gave the Missionary Voice story. Mrs. Leland Green spoke on White Russia.

The society received an invitation from the Marlin Missionary Society to an all day meeting of the District Missionary Conference to be held there Thursday, May 21. A number of the members are planning on going. Mrs. John Olson was elected to attend as a delegate from the Cameron Auxiliary.

BAPTIST W. M. S.

Members of the W. M. S. of the Baptist church met in the following order Monday afternoon and studied lessons on missions:

Lois Howard Mashburn Circle met with Mrs. W. L. Keith with five members present. Miss Lillie Mag Jeter led the lesson. Next Monday they will meet with Mrs. Joe Roland. Mrs. Tom Jeter was hostess to the Lottie Moon Circle Monday afternoon and there were 14 members in attendance. Mrs. R. G. McLeod conducted the lesson. Next Monday they will meet with Mrs. Conn Miller at four o'clock.

The Lillie Mae Hundley Circle had as hostess Mrs. L. C. Gayle with 7 present. Mrs. Wm. Henderson led the lesson. They will meet with Mrs. W. H. Henley next Monday afternoon at four o'clock.

Eunice Taylor Glass Circle met at the home of Mrs. James Coleman with 14 present. Mrs. W. O. Newton led the lesson. They will meet with Mrs. W. O. Newton next Monday afternoon at 3:30 o'clock.

EPWORTH LEAGUE MEETING

The Senior Epworth League members held their monthly Council meeting in the basement of the church on

Monday evening. This closed the fiscal year's work of the league. They also made plans for the program of the church work of the young people of the Texas Conference that will meet in Jacksonville May 31 to June 6. They will hold their monthly social Thursday night at the City Park.

BOYS GLEE CLUB PROGRAM

Under the direction of A. C. Strickland, teacher, the Boys Glee Club of Yoe High school gave a splendid musical program at the First Presbyterian church Sunday evening. Miss Katharine Atkinson presided at the organ and Miss Imogene Sapp gave a violin obligato.

The personnel of the club is as follows: Billie Ryan, Thad Bailey, Julian Freeman, F. E. Jackson, Jr., Roy Esslinger, John Wallace, John Watson, Ben Atkinson, Preston Lewis and James McLean.

CLINTON SISTERS

Miss Mildred Clinton, who is studying violin at the Chicago Music College, Chicago, Ill., will be assistant violin instructor in the college during the summer months. Misses Maurine and Grace Clinton will attend summer school at San Marcos. Miss Grace will remain at San Marcos and complete her high school work there by the first of January, 1932 and will receive a three year certificate and expects to teach the spring term. Miss Maurine will again teach this fall. Miss Lola Clinton is taking a commercial course in Houston and will probably be home some time next month for a visit.

MRS. CLINTON TO GIVE MUSIC RECITAL

Mrs. Loula Clinton will present her music pupils in a twilight recital at Yoe high school auditorium, Thursday, May 28 at 8 o'clock. The public is invited to attend.

Mrs. Clinton will teach summer classes at her home on East 13th Street, taking up the work immediately after the close of the school term.

PRESBYTERIANS TO HEAR YOUNG PEOPLE SING

A young people's chorus choir will sing at the Presbyterian church on Sunday night it was stated by Mrs. W. T. Hefley, director of music.

The young people will compose a mixed group from the Presbyterian church and will prepare a special number to be sung. Plans are being made to make the evening services more attractive in musical programs. Large crowds have attended recent evening worship services.

The pastor will preach at the regular hour of worship. A hearty greeting awaits you at the church. Visit at any of the services.

Dr. E. H. O'Neal of Rosebud attended the state convention of Texas dentists in Houston last week, spending four days there. He visited in the home of his parents, Mr. and Mrs. A. R. O'Neal on his way to the convention.

BRIDGE PARTY

Misses Willyne Hyde and Ivy Armstrong were joint hostesses to a pretty bridge party Monday afternoon at 3:30 at the home of Mr. and Mrs. Max Fox, 701 East 13th Street.

The attractive home was inviting with bowls and vases of handsome nasturtiums, carrying out a yellow color theme where five tables were laid for games.

Miss Mary Lake Henderson captured highest score, Mrs. Oxsheer Smith second highest and consolation fell to Miss Aetna Smith and were pretty gift shop articles.

Mesdames Fox and W. R. Hoover acted as assistant hostesses in serving a delectable salad course with punch.

MISS DAVIS HONORED

Sweet peas in a variety of shades with delicate tracery of greenery with pink predominating, ornamented the living room when Miss Grace Mangum entertained Monday afternoon naming as honor guest Miss Fannie Lou Davis, a bride-elect of next month.

Gay touches of color were seen in table appointments, carrying out a pretty pink and green combination where three tables of players enjoyed exciting games. At the conclusion highest score was made by the honor guest, Miss Davis, and consolation fell to Mrs. Hamilton Bonnet, who presented the gift to the honoree; she was also presented with a beautiful gift from the hostess. Table cuts, sweet pea corsages went to Misses Mary Lake Henderson, Winnie Henderson and Mrs. Gaston Barmore.

Mrs. George Mangum and Mrs. George Graves, mother and sister of the hostess, respectively, acted as as-

sistant hostesses and helped serve an appetizing salad course with lavender and green drink.

BIRTHDAY PARTY AT THE PRESBYTERIAN CHURCH

Baskets of handsome Salt Cedar in bloom with pretty greenery lent beauty to the basement of the Presbyterian church Monday afternoon when the ladies of the church held their tenth annual birthday party when free will offerings are taken, the proceeds to go to the different funds, as needed.

Mrs. Mary Henderson led the devotional. Mrs. Mary McLane Lawrence presided over a delightful program as follows:

Vocal duet, Misses Patsie McGregor and Mary Virginia Sutton. Pageant, 'Love's Answer,' by Mesdames George Cay, W. C. Ford, Dan Tyson, John Muse assisted by Misses Frances McDermott, Catherine and Ruth Mode, Jane Tyon, Mary Virginia Sutton, Patsie McGregor, Patsie Lyons, Mickey Nairn, Gladys Criswell, Dorothy Lesovsky, Marjorie Dusek, Lucille McDermott and Mary Dusek. They were all in costume representing different nations. Little Lucille McDermott gave a catchy reading in her own sweet way.

A social hour was enjoyed at the close of the program when a salad course with drink was served.

MAAS-LUNSFORD

Ed R. Maas and Miss Addie Mae Lunsford were quietly married at the Methodist parsonage Wednesday evening, May 20 at nine o'clock, Rev. C. A. Lehmborg officiating.

The bride is the daughter of Dan Lunsford, deputy marshal of Cameron, and is well known by a large circle of friends.

The groom is the son of Chas. Maas a prominent farmer of Burlington. He is a young farmer and they will make their home at Burlington.

The Herald extends its best wishes to the newly weds.

TAYLOR BUSINESS MAN IN VENTURE HERE DEAD AT AGE OF 75

Finley Sheets, 75, died Saturday, May 16, 1931 at four o'clock in the morning of cancer, at the hospital where he had been taken a few days previous for treatment.

Mr. Sheets was born March 4, 1856 at Wheelock, Texas. He came to Cameron from Taylor about two months ago and had purchased the J. P. Werner stock of dry goods and was operating a store when taken ill.

Deceased was a member of the Episcopal church and was a man of splendid qualities and a good business man. During his short residence here had made many friends who regret his passing.

Deceased is survived by his wife, no children, three sisters, Mrs. Fannie Young, Mrs. E. H. Boos of Ballinger and Mrs. Mary V. Gay of Brownsville. Mr. and Mrs. Sam Bunnell of Taylor were here and accompanied Mrs. Sheets to Taylor where the funeral was held by Rev. F. H. Stedman, Episcopal minister, Monday afternoon at five o'clock at Taylor cemetery where the remains were interred. The body lay in state here at the Coleman-Eplen Funeral Chapel until three o'clock when it was conveyed to Taylor overland by Coleman-Eplen, undertakers.

Mr. and Mrs. S. Kestenbaum have returned from a delightful visit in New Orleans. While there they enjoyed the scenes of this historic old city and he attended a meeting of the wholesale grocers.

Odd New Zealand Bird, Kiwi, Nears Extinction

The strangest bird in the world—the kiwi-kiwi, is described as follows in Boys' Life, the Boy Scout publication.

"Native of New Zealand, he nearly makes fact of ancient fable—current when the continent was first discovered—that everything around Australia was upside down. The kiwi is practically wingless and completely flightless. He has no visible tail. His brownish plumage, moreover, because the feather-filaments are disunited, looks more like coarse hair. His nostrils, unlike any other bird's, are at the very tip of the long beak, that is flexible and very sensitive to touch.

"The kiwi grows like a dog, and snaps his bill as you crack your fingers; he can hiss like a cat when angry. His extraordinarily powerful legs can give mighty kicks, not backward but forward, and have been known to break a bone in a man's hand. In small flocks, the few kiwis left of a disappearing species inhabit New Zealand's hilly forests. Females burrow long tunnels, laying in a nest at the very end of it two large eggs—eggs a quarter the length of the whole bird. Incubating is entirely the job of the male.

"Maoris are very fond of kiwi flesh broiled or roasted, so fond that the bird was well hunted out before ever a white man saw one. Now the peculiar bird, distant relative of ostrich, emu, cassowary, and survivor of a species that flourished with the extinct, gigantic dinosaurs and fierce, sluggish moas, millions of years ago, is fast approaching extinction."

Marriage Promise Just

Incident of Vacation?

A New Yorker, lifted out of his habitual caution by the balmy atmosphere of Florida during a winter vacation, brought suit against a girl he met down there, to recover a ring. The young lady contested the suit.

When it came up in court, the young man said that they had enjoyed a fond good-bye on the beach, but later, when both had returned to New York, the girl had passed him up cold. The girl herself admitted it, saying:

"I really didn't know whether I should recognize him or not. Our acquaintance in Florida was really very slight."

"But," expostulated the court, glancing at the sparkling ring, "you promised to marry him, didn't you?"

"Why, yes," admitted the girl, "but that was all."—Los Angeles Times.

Europe's "Holy Alliance"

The Holy Alliance was the name of a league formed by Russia, Austria and Prussia after the fall of Napoleon in 1815 for the purpose of regulating the affairs of Europe "by the principles of Christian charity," says an article in Pathfinder Magazine. Notwithstanding its professed purpose the real policy of the Holy Alliance was to make every endeavor possible to stabilize existing dynasties and to resist all change. The league endured until 1830 and was in time joined by all the important and European monarchs except those of England and Turkey. The Monroe Doctrine was enunciated largely to warn the Holy Alliance not to interfere with the newly established republics in Latin America.

Biblical Flowers

There are comparatively few flowers named in the Bible. It is reported that as a whole the Syrian people were not particularly fond of flowers. Among those named are the myrtle, Isaiah, 4:13; Rose of Sharon, Isaiah, 35:1; Song of Solomon, 2:1; Lily, I Kings, 7:23; Son of Solomon, 2:16; 6:23; Matthew, 6. Flax is found in Exodus, Genesis, Leviticus, Esther, Judges, Proverbs and Kings. Burning bush (or acacia) is mentioned in Exodus, 3:4. The lily is an Arabic general term and applies to the tulip, ranunculus, narcissus, iris, water lily, and particularly the anemones which carpet the ground during the summer season throughout Palestine.

Treasure Trove on Farm

On the land of a widow farmer of Aarhus (Denmark) 6,000 copper and silver coins of the days of Eric Glipping (1250-1286), king of Denmark, were found. It was in the reign of this king that the first rigsdag, or general assembly, became an established legislature in Denmark. The coins, as treasure trove, were by law the property of the state, but the widow received a sum of money in exchange.

Only Daddy

Elizabeth Ann's mother was telling the little girl and her small brother the story of Cinderella. Suddenly there came a knock from the front door.

"Go see who's there," said her mother. "Maybe it's the fairy prince."

Elizabeth Ann hurried from the room. "No, it isn't a fairy prince," she called back, disappointedly from the hall. "It's only daddy!"

Big Business

John, age eight, had just been promoted to 3A. One day when he came home he was telling his mother about their new organization; that they had elected a president, vice president and such. Mother asked what the object of the organization was and after a moment John replied:

"To promote better citizenship."

15 PER CENT REDUCTION MADE IN SCHOOL EXPENSES

Local Board Reduces Salaries and Cut Costs

Through reductions in salaries and in the personnel of the teaching staff the School Board at its last regular meeting made a ten per cent reduction in its budget of expenditures for the 1931-32 session.

A salary reduction of five per cent of the 1930-31 salaries was made effective for 1931-32.

The faculty at the Ada Henderson school was reduced by doing away with the position of Director of Physical Education.

In the high school there will be one teacher less devoting time to academic work, while at the same time the Department of Vocational Agriculture is to be established which draws one-half the salary of the teacher in charge from the State and Federal Governments under the provisions of the Smith-Hughes Act.

These savings, along with other changes in salaries and operating costs will reduce expenditures approximately \$6000, or ten per cent of the total annual budget for 1930-31.

Following upon the heels of a five per cent reduction in the budget expenditures a year ago in anticipation of the continuation of the general financial depression, this accounts for reductions within the past year amounting to 15 per cent from the 1929-30 budget and brings expenditures for the next session well within the anticipated revenues, taking into consideration the certainty of marked reductions in tax valuations for 1931.

In spite of the passing by the City Council of the split-tax ordinance, postponing the period for the payment of taxes for the current year without penalty until October 1, the School Board will wind up the fiscal year, which closes August 31, 1931, in better financial condition than in any year since 1925.

As a result of the postponement of the date for the payment of taxes to October 1, the school has outstanding some \$8000 representing its one-third share of the total tax collections to the city on the current rolls postponed to October 1.

BUSINESS WOMEN NAME OFFICERS

MRS. L. BIGBEE IS ELECTED PRESIDENT AT BUSINESS SESSION TUESDAY

The Business and Professional Women's Club held a meeting Tuesday evening in the Fidelity Abstract office, the president, Miss Rose Rischard presiding.

The nominating committee, composed of Lillian Atkinson, chairman, Mrs. Maude Barfield and Iva Wilson submitted the following names who were elected to the offices for the coming year:

President, Mrs. L. Bigbee.
Vice-President, Miss Lucille Butts.
Second Vice-Pres., Miss Katherine Bailey.
Secretary, Miss Carrie Marek.
Treasurer, Miss Bernice McLerran.

The following delegates were elected to attend the State Convention that meets at Amarillo, May 28, 29 and 30: Mrs. Braun, Mrs. Katie Robbins and Miss Iva Wilson. Alternates are Misses Annie Stallworth, Delpha Scott and Bernice McLerran.

Mrs. John S. Owens was a visitor.

Mandate Received In Matthews Case

The case of Fred Matthews, charged with the murder of Joe Hosh in July, 1929, has been affirmed by Court of Criminal Appeals. Matthews on first trial in November was sentenced to 50 years, but the case was reversed on appeal and second trial resulted in a hung jury. Upon third trial he was sentenced to 18 years in the penitentiary which was recently affirmed by Court of Appeals and a mandate of that court has just been received by the district court here.

J. N. W. CARPENTER

Industrial development is one of the greatest of Texas' present needs. Significance of this condition will be outlined by John W. Carpenter, president of the Texas Power and Light Company, before the Texas Press Association in its annual convention in San Angelo, June 12.

Mr. Carpenter is recognized as one of the keenest students of Texas needs. He has been a leader in numerous movements during recent years pointing toward decentralization of industry. Mr. Carpenter recently declared 'Our smaller towns are the white corpuscles in the blood of Texas. For several years they have been constantly losing their vitality. Today's trend is away from them. If they are to survive, which in turn means if Texas survives, they must have some industrial development. It is up to Texas to see that they get it.'

J. L. BROD, PIONEER, IS BURIED IN CAMERON

NATIVE TEXAN SUCCUMBS TO HEART ATTACK HERE SUNDAY MORNING

J. L. Brod, 68, native Texan and pioneer, died at the family residence in Cameron at 3:15 o'clock Sunday morning, May 17, 1931 from a heart attack.

Mr. Brod had been in declining health for about three years and never fully recovered from the effects of the loss of an eye some months ago. When news came Sunday of his death the hundreds of people who had known him were deeply grieved to learn of his passing.

Mr. Brod retired at his usual hour on Saturday night and when members of the family left his bedside at midnight he was apparently resting well. The heart attack occurred shortly after 3 a. m. and he died within a few minutes.

He was 68 years of age and was born in Colorado county of pioneer German parents, his grandfather having come to Texas when a young man and settled in that county where the succeeding families were born and reared. He was married to Miss Mary Liermann in Colorado county 48 years ago. He had been a resident of Cameron for the past 18 years and had been engaged in business practically the entire time. He retired about three years ago and had lived quietly at his home here with his wife who survives him.

His life was spent through busy years and like all the pioneers he never forgot the ways of those who grew to manhood and lived through a stirring period in Texas history.

Funeral services were held Monday morning at 8:30 o'clock, May 18, 1931 at St. Monica's with Rev. Geo. Appel, pastor, reading the impressive Catholic funeral rites. Interment was made in the Catholic Cemetery in Cameron with Green Brothers directing the funeral arrangements.

Pall bearers were as follows: Tom Tallent, John McAtee, C. A. Hughes, Leo Laake, A. J. Matocha and Ben Boedeker.

He is survived by his widow and children as follows: A. J. Brod of Rosebud; E. L. Brod of Cameron; O. J. Brod of Davilla; Mrs. Ray McAtee of Rosebud; Ed Brod of Corpus Christi and Mrs. Lee Marek of Jones Prairie.

One brother, C. F. Brod of Waco also survives him.

The Herald joins their host of friends in Cameron and throughout this section in extending sincere sympathy.

J. C. Mayfield and daughter, Miss Ida Bird and Miss Oleta Reese spent Friday in Waco.

Read Herald When It Was "Sentinel"

'I have been reading the Cameron paper since quite a child, even when it was the "Cameron Sentinel" and printed by the Cammer family out in the suburbs of the town, fine lot of boys and girls they were, Katie and I were about the same age, and got acquainted when we both started to school to J. C. Oxenford and about the time Vol Reed, Willard Streetman, Clint Reese and others of that age were finishing school there. It was a fine bunch of youngsters even as a child I didn't see them do anything that they should be ashamed of.

When my father moved to Milam County there were three general dry goods and grocery stores, seven saloons, drugstore and postoffice were in one building and kept by Major Moore, Mont's father. How we did enjoy calling for the mail after school in the afternoon and too, maybe he would give me an empty box. How we enjoyed even a Tutts Pill box and now boxes are a great clutter if left unburned for even a day.'

OAKIE IN LARDNER VERSION OF MIRTH

COMBINATION MAKES BIG HIT FOR MILAM THURSDAY AND FRIDAY

Ring Lardner and Jack Oakie, names that mean much in the realm of humor, are again linked in a common cause in 'June Moon,' the comedy smash of 'tin pan alley' life which comes to the Milam Theatre on Thursday and Friday.

Ring Lardner is one of the most popular and at the same time, most brilliant of America's humorist-fictionist-playwrights. He first attracted attention with his series of baseball stories, 'You Know Me Al,' in the Saturday Evening Post several years ago. He has since written regularly to the newspaper syndicates a series of humorous letters setting forth his amusing views on this and that subject. His book, 'How to Sell Short Stories' was accorded glowing praise by scores of literary critics here and abroad. Last year he collaborated with George S. Kaufman in the writing of 'June Moon,' one of the most successful comedies of the past season on Broadway.

Lardner was the co-author with George M. Cohan of 'Elmer the Great,' the play which became one

HEALTH SURVEY FOR PRE-SCHOOL CHILDREN

PUBLIC HEALTH NURSE AND PHYSICIANS TO WORK HERE MAY 25

The summer round-up of pre-school children will be held at the Ada Henderson school on May 25 at 3:30 p. m. by local doctors and dentists assisted by the public health nurse, Miss Sue Nickerson. This is a campaign to send to the entering grade of school a class of children as free as possible from remedial physical defects.

There is a need for this work as it is reported that the average American child is only 25 per cent physically equipped; that 3,000,000 school children have hearing losses of varying degrees and that in a study of pre-school children, nearly 25 per cent needed glasses. It is hard for children so handicapped to keep up with their school work and it is not fair to expect them to compete with children physically sound.

Where defects are discovered the child is referred to the family physician or dentist for final opinion and treatment.

YOE HIGH TO GRADUATE LARGEST SENIOR CLASS

Beautiful cards for Yoe high school class for 1931 are being received by friends of the graduates. They bear the cut of the South front of building, with an archer above.

This is the largest class to graduate in the history of the school.

SETS NEW MARK

Stanford scored its eighth successive annual victory over the California Bears, but a California trackman set a new National Intercollegiate record. Kenneth Churchill tossed the spear 220 feet 9 inches. He set the former mark of 217 feet 7 inches two weeks ago in a meet at Berkeley against the Washington Huskies. He holds the Intercollegiate A. A. A. record of 212 feet 5 inches made last year at Cambridge, Mass.

Moonlight Prowlers At Skeeex Saturday

The Moonlight Prowlers will furnish music for the big dance at Skeeex on Saturday night of this week. Manager Elwood Cammer hopes to greet a large number of guests at the dance which will be one of the most interesting entertainment occasions of the year.

A unique dance is announced for Thursday night, May 28. It is known as the Camel Dance. Admission to this dance will be gained by the purchase of one package of Camel cigarettes at Skeeex on Thursday, May 28. This dance and the unique admission charge is exclusive with Skeeex.

Music for the Camel Dance will be furnished by a famous Camel cigarette orchestra.

Operation Performed On Mayor Chambers; Is Resting Well

Mayor W. W. Chambers was reported Thursday at noon to be resting well in the Scott and White Sanitarium in Temple following an operation performed at 8 o'clock Wednesday morning for removal of cancer.

Surgeons had completed the operation and the patient was in his room at 11 o'clock Wednesday morning and spent a restful night.

Indications are that Mayor Chambers will be greatly improved and this news will be received with interest by his many friends in Cameron.

William Rogers Loses Eye; Operation For Removal Tuesday

Friends here and elsewhere will regret to know that it became necessary on Tuesday of this week for surgeons to operate for removal of the right eye of William R. Rogers in Temple.

Mr. Rogers is resting well at present. An effort was made through several weeks to preserve the sight and then the ball, but an operation was necessary to remove the eye.

Cameron residents will regret to learn of this but will be pleased to know that Mr. Rogers is recovering.

FIREMEN SCHEDULE

For Saturday Ben Arnold will be seen in action against the Firemen on the Lawless Green Field.

On Sunday Rogers will be here for a double header.

Both of these teams are in the Temple and Waco cup races as is Cameron, so as all these games court in both races the fans are assured hard fought games.

JOINER NO. 1 WILL SPUD SOON

Materials are being moved in for C. M. Joiner No. 1, J. A. Foster 413 acre tract, A. G. Perry survey, Milam County, Texas.

This test is on a block assembled and core drilled by the Red Bank Oil Company. It is a fault line structure. The well will be drilled to the Edwards lime at a depth of about 5000 feet. Drilling operations will be started at once.

W. F. HARPER IS BURIED WALKERS CREEK MONDAY

PIONEER RESIDENT PASSES TO REWARD AT FARM HOME MONDAY NIGHT, MAY 18

William F. Harper, 62, pioneer resident of Milam county and native of Alabama, died at his farm home near Jones Prairie on Monday night, May 18, 1931 at 11 o'clock following a long period of illness resulting from heart trouble.

Mr. Harper had been in declining health for the past three years and had been suffering from heart attacks for some months. While his condition was known to be serious his death came as a severe shock to hundreds of friends in Cameron and throughout the county and community in which he had lived since a small boy.

Mr. Harper was born in the state of Alabama 62 years ago and came to Texas when a small boy. He had been a resident of Milam county for about 50 years. At the age of 18 years he was married to Miss Jennie Cage and they settled near the home in which he died more than 40 years ago and began their life together.

Mr. Harper early turned his attention to farming and was a success having accumulated a large estate. He was a good neighbor and lived to bless those who came under his influence and when he died on last Monday he was mourned by hundreds who knew and loved him. He was a member of the Baptist church, having become a member at the age of 16 years and had lived in that faith since.

Funeral services were held Tuesday (continued on last page)

Octopus and Captor Visit In Cameron

Jack Jordan, former deep sea diver is in Cameron this week and has on exhibition an octopus or 'sea devil' he claims to have killed in the gulf waters several years ago.

Mr. Jordan has the sea monster on display in the building adjoining the Two Brothers Barber Shop. No doubt many of the people of this vicinity will see this exhibit.

The monster was captured by Jordan 45 miles from Texas City in the gulf waters.

Milam County Lambs Top Texas Market

January lambs raised by Will Davis of Sharpe topped the Texas market this week in Fort Worth.

Mr. Davis transported 25 of these lambs by truck to Fort Worth this week and they were the best marketed this year in that center.

The lambs were raised on the Davis farms at Sharpe. They averaged about 70 pounds each and the price paid for them should be an encouragement to stock farmers in this section.

MRS. ED A. MARTIN ILL

Friends in Cameron will regret to know that Mrs. Ed A. Martin is in the Cameron hospital, critically ill.

Alex Martin of Eagle Pass reached Cameron last week to be at the bedside of his mother who is the widow of the late Dr. E. A. Martin, pioneer physician of Cameron who is buried in Oak Hill cemetery and a son, the late Jones Martin is buried in Oak Hill.

Mr. and Mrs. Martin came to Cameron many years ago and he began the practice of medicine here. Dr. Martin had been a resident of Texas since 1857.

VOCATIONAL AGRICULTURE WILL BE TAUGHT IN CAMERON

Board of Education In Cameron Gets \$1000 From State

The Board of Education of the Cameron Public Schools has just received notice from the State Board for Vocational Agriculture at Austin that application for funds to assist in the establishing of a department of Vocational Agriculture in the Cameron high school has been approved and \$1000 allotted to Cameron for the twelve-month period beginning July 1.

The Board at the same time announces the employment of Mr. A. C. Strickland as teacher of Vocational Agriculture. Mr. Strickland is to devote his entire time to the teaching of this subject and to extension work among the adult farmers of Cameron's trade territory.

Prior to the time he came to Cameron Mr. Strickland was in charge of Vocational Agriculture work at Coolidge where he built up a strong department. Immediately after the close of the current school session he will enter A. & M. College for study preliminary to the setting up of the course in Cameron.

This new department is meeting the hearty approval not only of the high school boys, but of the business and agricultural interests of Cameron generally. The Commercial Club at a recent meeting pledged its support and will assist in a financial way in meeting the initial cost of equipment for the new department.

FUNERAL SERVICES FOR DR. T. J. DENSON HELD

HUNDREDS PAY TRIBUTE TO PHYSICIAN BURIED HERE ON SATURDAY

Funeral services for Dr. T. J. Denson were held Saturday morning, May 16 at ten o'clock at the First Methodist church by Rev. C. A. Lehmberg, pastor, assisted by Rev. J. P. Love of the Episcopal church, Rev. Joel B. Hardigree, pastor of the Christian church and Rev. O. C. Acree of the Presbyterian church.

Dr. Denson died suddenly of heart attack Wednesday afternoon at one o'clock at his home, 212 East 13th Street. He had been a resident of Cameron nearly twenty-five years and had endeared himself to a large circle of friends.

The body lay in state at his home from Wednesday evening until Saturday morning, where hundreds of friends from all parts of the county and over the state gathered to pay their last respects to one loved in life and mourned in death. The beautiful gray casket in which the body lay, was surrounded by gorgeous floral offerings that came from loving friends; coming from all walks of life; from Mexicans who loved their doctor who had ministered to them in times of pain and sorrow, and colored friends, ever loyal to those they love.

The large church edifice was packed to capacity at the funeral, many not being able to get seats. A male quartette from both the Methodist and Baptist churches rendered music. The pastor selected part of Verse 38

C. B. McNeill and Thomas Everett went to San Marcos Saturday.

There was at the Buckhols auditorium on Tuesday evening one of the prettiest school entertainments ever given in Buckhols. The program given below was well rendered. The beautiful costumes made a colorful and pleasing picture. Mesdames Loyd Green and B. N. Goodwin deserve praise for the excellent training given the little folks preparatory for the evening's program:

The Coming of Summer, Primary room under direction of Mrs. Green, primary teacher.

The Sleeping Princess, by Second and Third Grades under direction of Mrs. Goodwin.

Graduation of those promoted from first to second grades, the little graduates wore caps and gowns.

Rev. G. C. Cecil, Invocation.

Rev. W. P. Elliott, address.

Presentation of Certificates, Mrs. Lloyd Green.

The seniors presented their annual class play Thursday evening. Five boys and five girls composed the cast of 'Hands Up.' Leon Searcellar's orchestra furnished appropriate music for the occasion.

The final event of the Buckhols commencement was the grammar and high school graduation exercises on Friday evening. Floren Fuchs gave the salutary address; Mary Seveik, the valedictory; and Thomas Everett the prophecy. T. A. Fisher, Supt. of Cameron schools made the address to the graduates.

Mr. and Mrs. R. G. Bryant and family of Moulton are visiting relatives here.

Thomas Kerr, Mrs. W. G. Bain and sons, Vernon and Gayle were week end Granger visitors.

This Man Isn't Afraid!

Did you ever hear the joke about the Scotchman who fired off a gun in the back yard and then told his children that Santa Claus had committed suicide? Well, aren't some of us like those credulous children? Hearing the noise—the noise of falling stocks seventeen months ago—we believed that it meant the end of all cheer and bounty . . . whereas it was nothing but a noise and a rumor, the noise of the exploding of paper profits, like a paper bag that has been inflated and rudely jarred.

We must smile at our fears. We must join step with Mr. Fearless Spender and refuse to believe the dismal rumors of pessimists. "Pack up your troubles . . . and smile!"

ONE FROM HILLSBORO

CAMERON MAKES SIXTEEN HITS COUNT FOR THIRTEEN RUNS SUNDAY

By SUNNY POPE

The stage was all set Sunday afternoon at the Lawless Green Field for a ball game between Cameron and Hillsboro but it turned out to be batting practice for the Firemen as they won thirteen to one. A base on balls, an error and a two base hit in the sixth was their only score as Unk Young let the visitors down with only four hits, fanned ten and walked five. Hill started for Hillsboro but traded positions with Stokes in the seventh. In this game the Firemen batted .410.

'Pepper' Young, in a Cameron uniform for the first time this season, led with .666 while McDonald and

Kenneth Keith hit for .600 and Tex Miller and Vogelsang at .500. This is the fourth game played and won in the Waco race.

The tendency during a depression is for those in debt to pay off their debts as rapidly as possible. In normal times debts are contracted that are paid off in dull times. When good times return they will find everyone who has been able to pay up with a clean slate. This will make good business better.

SUNNY SIDE

By SUNNY POPE

Cameron has two ball teams according to the way they play. One day they will play the most mediocre kind of a ball game against a team that should be easy pickings for the Firemen and lose a game by their listless playing. The very next day they play a much better team and win their game with ease.

Behind Keith's pitching the Firemen made five errors. In the second game of the double-header they played errorless ball while Worcester was on the mound. These five errors doubtless caused the loss of the game.

At that though Garrett outpitched Keith in the first game. Keith struck out but three while he walked six. Garrett had eleven strikeouts and only two walks. The only two earned runs Maysfield made in the first game came in the ninth when B. Threath singled and scored when G. Threath, next man up, put the ball over the left field wall. Cameron earned but two scores, one in the second and the other in the eighth.

In the second game Maysfield again outpitched the Firemen but Worcester kept their hits so well scattered they made their four runs two in the fourth and two in the sixth.

Walston blew sky high in the sixth inning as the Firemen were scoring seven runs on six hits, a walk and a sacrifice hit. Worcester and Jennness hit at a .666 clip, while Peel was at bat only once and got a hit. Wiley contributed two hits in four times up.

In Sunday's game the best crowd of the season turned out to see the game but it was far from being a record breaking crowd. Jennness put all the strength in the club in the lineup at the beginning and it was apparent early in the game the Firemen would have little trouble winning their game. In the seventh, eighth and ninth innings substitutes were shoved into the lineup. The team batted .410 in the hardest hitting game of the season.

Pepper Young made his initial appearance in a Cameron uniform and performed in his usual brilliant manner. K. Keith, McDonald, Miller and Vogelsang led in the offense.

Unk Young allowed but four hits for the nine innings, struck out ten batters and walked five.

Hill was replaced by Stokes in the last half of the sixth.

Games for this week end will bring Ben Arnold here for one game, Saturday, May 23. The following day, Sunday, Rogers will play a double header here.

Most of the players are so needed working crops it is impossible to get games except for Saturday and Sundays.

Unk Young gets credit with having won three cup races namely, Sharp, Rogers and Hillsboro, with none lost.

Archie Pell won over the Waco Gas-sers and Rosebud.

On April 26 R. Keith beat Rosebud at Cameron 14 to 13.

On May 16 R. Keith lost to Maysfield and on the same afternoon Worcester won the only game he has started against Maysfield.

Pepper Young's acquisition settled the infield enigma for the Cameron team. This puts Doug Williams back on his old job at second with Kenneth Keith or Wiley or Worcester on third.

When Peel is not pitching he will share the first base job with Bubber McDermott.

For the outfield there are McDonald, Miller, Walker, Vogelsang, Baggett, Thompson and F. Young.

Henry Luksa was signed up for the pitching job and reported Sunday in uniform but Unk was going so well no changes were needed.

When the averages are released next week there will appear the roster of the team expected to carry the team to this year's championship.

Synthetic Daylight Makes Frigidaire More Attractive

Dayton, Ohio, May 16.—Synthetic daylight, said to be an exact reproduction of Old Sol's best effort, has been perfected by lighting experts so that the porcelain sides of the American homemaker's electric refrigerator will be as perfectly matched as her finest set of dishes.

By blending clear and colored incandescent lamps the experts have created a daylight department in the mile long Frigidaire factory here, which is illuminated with the best quality of daylight regardless of the weather. Constant daylight was necessitated when Frigidaire announced that in the future these electric refrigerators would be finished in snow white porcelain on steel. This gleaming finish, it is said, will blend with any kitchen color scheme.

Three coats of porcelain are baked onto the steel sides of the new Frigidaire at a heat of 1600 degrees Fahrenheit. When the last coat is fused into the steel panels, the panels pass along a production line beneath the artificial daylight. There trained eyes match the panels. Any departure from the snowy color is quickly detected and the panel is removed from production.

Flint hard and having the appearance of glass, this porcelain on steel finish is extremely durable. The scraping of pans and dishes across the flat service shelf top will not mar it, dirt and even ink and crayon marks can be erased with a few strokes of a damp cloth. Like the mechanical unit of these refrigerators, the finish is guaranteed for 3 years. The interior is just as white and sanitary, and in addition is acid resisting, immune to the strongest fruit juices. Its rounded corners make it as easy to clean as a china dish.

REVIVAL SERVICES AT FIRST CHRISTIAN CHURCH HERE

John W. Darby of San Antonio, Texas, one of the leading evangelists of the Christian Churches in America will begin a series of services with First Church Sunday morning at six o'clock with a short message on the Holy Spirit. The first service will be a Union Meeting participated in by the several religious leaders of the city. Mr. Darby will continue in his services for a period of three full weeks or more bringing great gospel messages each evening at 7:45 except Saturday.

In the coming of Mr. Darby we are offering you an opportunity of hearing one of the outstanding Christian statesmen in the Christian churches of America. He has served some of the larger churches in our brotherhood and easily classifies as one of our very best pulpit orators. The editor of the Tulsa Oklahoma World says, 'Mr. Darby is one of the best pulpit orators in America. His sermons are literary gems, highly instructive and uplifting in every detail.' The Tulsa Democrat says, 'Mr. Darby is destined to become one of the leading preachers of the country. He will be known as an evangelist that is not afraid to stand for Christianity at any and all times. Not afraid to speak the truth in his sermons and not afraid of incurring the wrath of wicked church members by speaking this truth. He has the elements of greatness and these will carry him far.'

Hear him discuss 'PENTECOST AND THE HOLY SPIRIT' at 6 a. m. Sunday; 'THE PASSION FOR SOULS' at 11 a. m.

His message to the Young People at Baptist church at 6:45 p. m. and his unusual message—'IS THERE A GOD?' at the Christian church at 7:45 p. m.

You will then want to hear him throughout the three weeks. We have served the people of this community without asking their religious affiliation therefore feel free to invite all the people to join with us in making this one of the best meetings in the history of our fine city. WE PROMISE YOU FINE FELLOWSHIP, GOOD MUSIC AND THE BEST PREACHING YOU HAVE EVER HEARD. Give this winner of men a chance to win your heart to Christ.

Joel B. Hardigree, Minister,
First Christian Church.

Milam Health Meet Is Proven Success

An interesting follow-up will be announced in next week's paper.

MR. JACK LEWIS TO SPEAK AT METHODIST CHURCH

In the absence of the pastor who is to deliver the commencement sermon for the Thorndale high school at that hour, County Attorney Jack Lewis will speak at the 7:45 p. m. hour next Sunday. We welcome this Christian layman in our pulpit and bespeak for him such a hearing as he deserves. At 11 a. m. the pastor will preach using as his subject: 'Lessons from the Life of Abraham.' Good music morning and evening.

Sunday school at 9:45 a. m. and Epworth League at 6:45 p. m. A cordial welcome awaits all at any of our services.

PLACES IN TRACK MEET

Ed Thompson, former Texas Aggie track star, and a Cameron boy, won second place in the mile run and 4th place in the four mile run at the Texas Neighborhood Athletic Association meet in Houston Saturday. Thompson will enter the 20 mile marathon race to be held in Houston, June 6.

PARENT-TEACHERS IN ELECTION OF OFFICERS

PROGRAM FEATURES SEASON'S LAST MEETING HERE TUESDAY

The last meeting of the Cameron Parent-Teachers Association for the season was held Tuesday evening in the basement of the First Methodist church. Mrs. Roy Law, president, presided over a business session. Election of officers for the coming year were as follows: President, Mrs. S. M. Burns Jr.; Vice-President, Mrs. Pope Sapp; Recording Secretary, Mrs. J. P. Love; Corresponding Secretary, Mrs. R. G. Lyons; Treasurer, Mrs. J. B. White.

Following the business meeting a splendid program was given. Dr. W. R. Newton spoke on Health, stressing the need of a County Health Nurse. Miss Sue Nickerson of the State Health Department, Austin, spoke along the lines of health and the work that is being done in community health program that is being carried on in the county. Miss Vivian Weaver of the Home Department of the Cameron Ice and Cold Storage Company gave a health and food sanitation talk, and served the guests with punch from a large block of ice, compliments of the company she is with.

Mrs. J. B. White had charge of the department for children and conducted indoor games for them in a separate department in the basement.

Rev. O. C. Acree, pastor of the Presbyterian church, conducted a light indoor games for the grown-ups.

The Association wishes to express their thanks to the Methodist people for the use of the basement and to the Cameron Ice and Cold Storage Company for the punch, and to all who aided in making the evening a success.

Miss Ivy Armstrong To Enter University

Miss Ivy Armstrong, who for the past three years has had charge of Physical Education and playground supervision in the Cameron Public Schools, has resigned to enter the University of Texas.

Because of her superior training and aptitude for this type of work, Miss Armstrong has built up an exceptionally strong department of Physical Education both among the elementary grades and among the high school girls.

She has a host of friends in Cameron who will regret to learn of her plans to sever her relations with the Cameron Public Schools. No teacher will be employed to fill the position left vacant by Miss Armstrong's resignation, work in Physical Education having been distributed for the 1931-32 session among teachers already in the system.

DUNCAN H. D. CLUB

The Duncan Home Demonstration Club met with Mrs. Frank Worley on May 13, Fifteen members and six visitors were present. A report was given on living rooms. A plan was made to raise money for the Short Course at A. & M. There will be a Health meeting at Duncan May 27. This will be a joint meeting of Duncan, Sharp and Tracy. The health nurse will make a talk at 3 o'clock.

After a business session all went to the woods to study trees and shrubs that would be pretty in the home yards and several carried some home to plant in the yard and some tied strings around them so they could be found next fall. A picnic lunch was enjoyed by all.

Mrs. Pearl Smith, Reporter.

CHOIR ELECTS OFFICERS

At a meeting of the Methodist Choir Wednesday evening the following officers were elected:

President, Mrs. R. H. Johnson.
Vice-President, W. A. Bonds.
Treasurer, W. H. Stafford.
Secretary, Mrs. W. A. Bonds.
Librarians, Mrs. Walzel and Mrs. Juanita Lyons.

Reporter, Miss Frankie Slaughter.
Organist, Miss Lucille Dickard.
Director, Mrs. Loula Clinton.

Thursday evening the choir will enjoy a picnic in the basement of the church.

CARD OF THANKS

We wish to express our sincere appreciation to the many friends for their kindness and sympathy shown us in this hour of sadness.

For the beautiful floral offerings also, we express our appreciation. May God's blessings rest upon you in times of sorrow.

Mrs. W. F. Harper and Children.

Funeral Dr. Denson

(continued from page one)

of the Tenth Chapter of Acts as his text: 'And He went about doing good,' and spoke words of love, and consolation to the bereaved family and friends.

The surgeons and doctors of the Cameron Hospital, and nurses attended in a body. Business houses were closed and all attended the funeral.

The long line of cars on the way to the cemetery passed groups of negroes and Mexicans who had stationed themselves along the streets to take their last look at their friend as he was born to Oak Hill Cemetery. The Masons had charge as the casket was lowered in the grave, paying their last respect to their brother and friend.

Floral offerings covered the entire lot and were left as silent sentinels to keep watch over the newly made grave.

Pall bearers were J. C. Tucker, W. O. Triggs, A. J. Triggs, W. B. Levy, J. C. Martin, Dr. James Watson, F. C. Fahrendorf and R. P. Jeter.

Honorary pall bearers were Frank Cheeves, Dan Collins, Glenn Flinn, J. C. Young, John B. Henderson, B. F. Stewart, Tom Henderson, Jr., C. F. Green, B. V. Roberts, H. N. Yardley, John Jeter, S. E. Oakie

(continued from page one)

of Oakie's most famous pictures—'Fast Company.'

The screen version of 'June Moon' preserves all of the choice humor of the original Lardnerian opus and adds more by way of vivacity and spirit through the capable performance of the genial Oakie.

Oakie is seen as the 'boy wonder' who comes to New York from Schenectady with the intention of cleaning up a million dollars in a few weeks by writing popular songs. He never gets very far, but he has a lot of fun doing it. He is supported by a capable cast including Wynne Gibson, the gang queen in 'The Gang Buster,' Frances Dee, Chevalier's sweetheart in 'Playboy of Paris,' and others.

A. Edward Sutherland who directed Oakie in 'The Sap from Syracuse,' 'The Social Lion,' and 'The Gang Buster,' bossed 'June Moon.'

Previewers who saw 'June Moon' in New York recently declared that it is even more amusing as a screen play than it was in its thoroughly hilarious original stage form.

In reviewing the New York season in another section, Mantle says 'Chief of the October hits was 'June Moon,' an hilarious satire of the tune shops, written by two of the country's favorite humorists, Ring Lardner and George S. Kaufman. Starting with a positive rush, it improved the pace until it had played well into the spring months, and is herein included as one of the representative comedies of the year.'

Based on Short Story

The combination of Lardner and Kaufman talents gave 'happy promise' with the announcement that they had made a play from Mr. Lardner's short story 'Some Like 'em Cold,' Mantle reports. 'Each is outstanding in his achievements as an American humorist, Mr. Lardner pre-eminent as a representative of the homely wit of the middle West, Mr. Kaufman a leader of those Eastern satirists who have grown up in the sophisticated atmosphere of a smartly artificial New York and come recently into popularity.'

The filmization of 'June Moon' has been said by more than a few critical observers to be an even more satisfying job than the stage original.

Competent Film Cast

With Oakie as the song-writing Schenectadian who goes to the big city and gets mixed up with gold diggers and song pluggers, the supporting cast includes Wynne Gibson, the underworld queen of 'The Gang Buster,' Frances Dee, Chevalier's sweetheart in 'Playboy of Paris.'

WORK TOGETHER TO WIN TOGETHER

One of the most difficult things one is called upon to do is to give up having one's own way, gracefully and join in on the other fellow's plan and help put it across.

There is in every community men who are dynamos in energy and action, but who never use their talents for the advancement and upbuilding of their own town because the plan adopted was not their plan. They are afraid that some one else will get the credit and are unwilling to submerge their efforts with the efforts of others in the common program.

It requires a bigger man often times to be a helper in a program and private in the ranks than it does to carry the banner and point the way.

Cameron has a number of men who can sit down around a table and outline a fine, constructive program for this community. Before their program can succeed, it must have the earnest worker in the ranks who is content to work along in his humble position and see someone else receive the major portion of the praise and credit.

Let's all get behind our leader wherever they may be and work for the common interests of Cameron.

If Cameron prospers and goes ahead, every citizen, every business and professional man in Cameron will win because of it.

We must work together to win together.

CHOICE INFLUENCED BY ADVERTISING

Whether it is the choice of a breakfast food, a new shirt, tie or automobile, it is influenced by advertising.

The purchaser may not be aware of it at the time, but if he should stop to analyze the elements entering into his decision, he would discover that back in his subconscious mind there has been built up a prejudice in favor of a certain brand or article by the advertising that article has received.

Advertising can bring to a store, trade that otherwise would never have found its way inside the door. It can develop new trade territory, and new customers for the store. It

can make popular articles that would otherwise find no sale.

Carefully written, well thought-out advertising, backed by good, dependable merchandise, the right service, and modern merchandising methods will bring business and prosperity to any merchant who employs them.

One editor gives it as his opinion when the quartets quit singing Adeline, we may safely conclude prohibition is effective. Regardless of whether prohibition ever becomes effective we do not expect the quartets to quit singing Sweet Adeline. There are two or three reasons for our belief. First, this time honored song touches upon a theme that is too deeply grounded in the human race to ever permit this classic to die. Older singers may discard it as father time plays havoc with their voices, but the rising generation will always be singing Sweet Adeline. Another reason that Sweet Adeline will continue to live is that there are few songs which allow such scope and range for budding tenors. It is one of the few songs that can be handled by the embryonic male quartet whose members are going through the stage of changing voices. A half dozen off key notes do not mar the harmony of Sweet Adeline. For these reasons Sweet Adeline will continue to live whether prohibition stays or goes.

Fortune awaits the man who discovers a lawn grass that grows about an inch high and then stops growing but remains green all summer.

The custodian of a grounds who was annoyed because people cut across the lawn and destroyed the grass, erected a sign reading: 'If you are lazy, go right across here.'

Diogenes spent his time going about looking for an honest man. If old Diogenes were on earth today he would be so busy looking for a job he wouldn't have any time to hunt for honest men.

The telescope reflector at Mount Wilson can detect the light of a candle 5000 miles away, and also an arc light at the moon.

A modern telescope is so accurate that it can measure the change in direction of an object 70 miles away if the object moves to one side or the other a single inch.

Restless, could not sleep

"THERE were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night.

My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."—Mrs. T. R. Gibson, Fort Payne, Ala.

only boy from Milam county who participated in the track and field events in Austin.

He is the son of Mr. and Mrs. H. A. Abel, was an eighth grade student during the past term and made good in his studies. The school regrets that he leaves there this year but hopes that it will be possible for him to continue elsewhere with his studies.

To show that the school appreciates the good work which he has done and the excellent record he has made the teachers and school board have decided to present him with some kind of a medal which he may keep as a remembrance.

Henry was accompanied to Austin by Mrs. J. Robert Bailey of Cameron and Miss Edna Zelisko of Buckholts who were teachers in that school during the past term.

DR. T. J. DENSON

Saturday, May 23, 1931
Editor, Cameron Herald,
Cameron, Texas.

I have just learned, with great sorrow, of the death of my very dear friend, Dr. T. J. Denson and since I was unable to attend the funeral, I am wondering if you will permit me space to express my sincere estimate of Dr. Denson? And to express my deepest sympathy to the family and relatives?

Dr. Tom, as I always loved to call him, and I were close friends during the entire time of my residence in Cameron. Now, I don't mean by that that we were well acquainted merely. I mean just what the word 'friend' connotes. One does not meet people every day whom they can truthfully call friends; but in all my association with men, in many different sections of this country, I have never met one to whom the term could be more truthfully applied. I could not have loved Dr. Tom any more had he been a brother. I loved him for his high ideals, for his heart of pure gold, and for his sunny disposition.

While living in Cameron there were many times when I sorely needed a steady word—some word to encourage and inspire. At such times I would often slip off and seek out Dr. Tom. May I say, without any attempt at flattery, that I always left him in a better frame of mind, and felt it was good to have been with him. His sunny disposition was contagious. Too, Dr. Tom was not the kind to confine his aid to advice and platitudes. If one absorbed his radiant cheerfulness, well and good; but if material help were also needed, how well do I know his willingness to render such aid.

And now Dr. Tom is gone! I can't believe that such a life has faded eternally out of the picture. I do not know what goal, if any, evolution is working to; but I cannot help thinking that it is not trying to destroy its own work. If so, why produce such a man in the first place? With no attempt to dogmatize about the nature of our Universe, I must say that I do not believe Dr. Tom is dead. Rather, I think he has passed on into a more useful life where he can make progress without the handicaps he endured here. I cannot feel that I have lost his valued friendship. Somehow (is it mere fancy?) I expect to meet him again under far more favorable circumstances for a truer expression of friendship.

Only one thing I regret about my friendship with Dr. Tom, and that is I was always on the receiving end, and, so far as I know, contributed nothing to him. I often noticed that while deeply interested in whatever may be troubling me, he seldom spoke to me of his troubles. When I think of this it makes me feel small indeed.

In conclusion, I wish to express my deepest and sincerest sympathy to Dr. Tom's family and relatives. I only wish there were something I could do to make their grief more endurable.

FOX SCHOOL BOY ATTENDS STATE MEET

Fox rural school was represented in the State Meet of the Interscholastic League at Austin on Friday and Saturday, May 8 and 9, by Henry Abel who participated in the Rural Pentathlon.

Henry won first place in the Rural Pentathlon in the County. He attended the district meet at Waco and also won first place there which entitled him to participate in the State meet. He made a splendid showing at the state meet winning second, third and fourth places in three out of five events listed in the Rural Pentathlon.

The community is exceedingly proud of the fine record which Henry has made. This is the first time in the history of the school that a student from there attended either the District or State Meet. One interesting fact is that Henry was the

LOWRY MARTIN

In the Texas daily newspaper field no man has accomplished as has Lowry Martin of the Daily Sun, in an advertising way. For years Lowry Martin has been recognized as one of the foremost publishers of the state. He has served as president of the tenth district advertising league, he has served with the American Newspaper Publishers Association, he has had the distinction of his paper, the Corsicana Daily Sun, being given first place in 1930 by the Editor and Publisher and American Press Association as having carried more language of advertising than any other daily paper in the country published in a city of 30,000 or less.

Mr. Martin is serving as chairman of the general program committee of the Texas Press Association, to hold their convention in San Angelo, June 11, 12 and 13. As chairman of this committee he is responsible for the wonderful list of inspirational speakers who have accepted places on this program.

COMMERCIAL CLUB

Meeting was called to order by President Avriett at 8 p. m. Roll call showed a quorum present as follows: Giles L. Avriett, J. W. Coleman, F. S. Lesovsky, W. M. Cobb, J. C. Tucker, August Horstmann, Geo. C. George, George Graves, F. J. Becker, man, B. F. Reichert, L. V. Perkins, J. C. Young, Bassett Watson, Geo. Banzhaf, Stanton Dossett and M. G. Manning.

Mr. Horstmann reported that the street numbering for extra mail carrier is meeting with some opposition by people who do not seem to understand what is being done, but the work is going ahead.

The marketing of cattle in car lots and less was discussed and the matter was, on motion referred to the special committee.

Mr. Banzhaf reported that a meeting would be held in the court house Friday night in the interest of the cooperative marketing of poultry.

Mr. Beckerman called attention to the fact that the early closing of the banks was working a hardship on the business men and asked that they be requested to close later on Saturdays. The bankers present agreed to talk to the others and see if they will not do this.

Mr. Dossett called attention to the bills passed by the legislature to regulate the trucks and asked that the club wire the governor asking him to approve the bills numbered 335 and 336. On motion duly made and carried the president was authorized to do this.

Odd Pledges Accepted by Spanish Pawnshop

Pawnshops are often amazingly interesting places—especially when you happen to be hard up. And the most curious of all of them is probably one in Barcelona, Spain, where birds and animals are accepted as pledges. Bears, camels, horses and dogs are accepted by this unique "uncle" as a matter of course. The chief patrons are circus proprietors. One polar bear who was handed, so to speak, over the counter by his needy owner proved to have an appetite more remarkable than that of any small boy at a Christmas party. His owner could not redeem him, and other circus proprietors who visited the shop in search of four-footed "turns" were apparently aware of his fame as an enter, for no purchaser could be found for him. At last he had to be killed, lest his food bill ruin the business. A woman snake charmer recently gave into the care of "uncle" a collection of performing snakes! She needed money to return to her native country. A few months later, however, she succeeded in redeeming her pets from their temporary home.

Tourists for 300 Years

Delft in the Eighteenth century was celebrated for its pottery and porcelain—this reputation has gone, although there is a modern honor from the past which gets some honor from the past. The modern tourist hardly notices it when he finds this really delightful old Dutch city. He is more apt to be led by his guide to see the Prinsenhof on the Oude Delft, where the great William of Orange was killed in 1584, by his murderer Gerhard, or to see the tomb of Admiral Tromp in the Oude Kerk, for he was the victor of 32 naval battles, including the defeat of the English fleet. Grotius, the first international lawyer, also lies here. The Dutch consider it one of their most interesting places and for 300 years it has received tourists who praise it.

By DELPHYA SCOTT

O. E. S. MEMORIAL MEETING

Cameron Chapter Order Eastern Star held open meeting Thursday night at the Masonic Temple with Mrs. W. E. Kuehl, Worthy Matron, Judge Jeff T. Kemp, Worthy Patron presiding, for the purpose of paying respect to deceased members of this chapter and jurisdiction.

The hall was appropriately decorated in the Star colors. Mrs. Alex Triggs gave the memorial music with Mrs. W. B. Levy at the piano. Miss Delphya Scott, in the name of the chapter, presented the Worthy Matron with a beautiful corsage of sweet peas, at the close of the program.

Tuesday, May 26, the chapter will elect new officers for the ensuing year.

ATTEND SINGING CONVENTION

The Milam County Singing Convention met at Thorndale school house Sunday for their quarterly meeting and held an all day session with dinner served at noon consisting of barbecue and chicken with good eats of all kinds.

Judge Jeff T. Kemp and wife, Judge and Mrs. John Watson, Mrs. Burl Pugh, Mrs. Wilkerson and Miss Dorcas Batte attended from Cameron.

Senator Poage of Austin was present and Alex Connolly, old time song leader, was present. There was an unusually large crowd present from all over the county.

The next quarterly meeting will be held the third Sunday in August at Davilla.

MISSIONARY SOCIETY

The ladies of the Missionary Society met at the church Monday afternoon at 3:30 for Missionary Voice lesson with 17 members present. Mrs.

M. M. Johnson, president, presided and led the devotional, taking the 23 Chapter of Luke. Mrs. R. B. Rylander gave the Missionary Voice story. Mrs. Leland Green spoke on White Russia.

The society received an invitation from the Marlin Missionary Society to an all day meeting of the District Missionary Conference to be held there Thursday, May 21. A number of the members are planning on going. Mrs. John Olson was elected to attend as a delegate from the Cameron Auxiliary.

BAPTIST W. M. S.

Members of the W. M. S. of the Baptist church met in the following order Monday afternoon and studied lessons on missions:

Lois Howard Mashburn Circle met with Mrs. W. L. Keith with five members present. Miss Lillie Mag Jeter led the lesson. Next Monday they will meet with Mrs. Joe Roland.

Mrs. Tom Jeter was hostess to the Lottie Moon Circle Monday afternoon and there were 14 members in attendance. Mrs. R. G. McLeod conducted the lesson. Next Monday they will meet with Mrs. Conn Miller at four o'clock.

The Lillie Mae Hundley Circle had as hostess Mrs. L. C. Gayle with 7 present. Mrs. Wm. Henderson led the lesson. They will meet with Mrs. W. H. Henley next Monday afternoon at four o'clock.

Eunice Taylor Glass Circle met at the home of Mrs. James Coleman with 14 present. Mrs. W. O. Newton led the lesson. They will meet with Mrs. W. O. Newton next Monday afternoon at 3:30 o'clock.

EPWORTH LEAGUE MEETING

The Senior Epworth League members held their monthly Council meeting in the basement of the church on

Monday evening. This closed the fiscal year's work of the league. They also made plans for the program of the church work of the young people of the Texas Conference that will meet in Jacksonville May 31 to June 6. They will hold their monthly social Thursday night at the City Park.

BOYS GLEE CLUB PROGRAM

Under the direction of A. C. Strickland, teacher, the Boys Glee Club of Yoe High school gave a splendid musical program at the First Presbyterian church Sunday evening. Miss Katharine Atkinson presided at the organ and Miss Imogene Sapp gave a violin obligato.

The personnel of the club is as follows: Billie Ryan, Thad Bailey, Julian Freeman, F. E. Jackson, Jr., Roy Esslinger, John Wallace, John Watson, Ben Atkinson, Preston Lewis and James McLean.

CLINTON SISTERS

Miss Mildred Clinton, who is studying violin at the Chicago Music College, Chicago, Ill., will be assistant violin instructor in the college during the summer months. Misses Maurine and Grace Clinton will attend summer school at San Marcos. Miss Grace will remain at San Marcos and complete her high school work there by the first of January, 1932 and will receive a three year certificate and expects to teach the spring term. Miss Maurine will again teach this fall. Miss Lola Clinton is taking a commercial course in Houston and will probably be home some time next month for a visit.

MRS. CLINTON TO GIVE MUSIC RECITAL

Mrs. Loula Clinton will present her music pupils in a twilight recital at Yoe high school auditorium, Thursday, May 28 at 8 o'clock. The public is invited to attend.

Mrs. Clinton will teach summer classes at her home on East 13th Street, taking up the work immediately after the close of the school term.

PRESBYTERIANS TO HEAR YOUNG PEOPLE SING

A young people's chorus choir will sing at the Presbyterian church on Sunday night it was stated by Mrs. W. T. Hefley, director of music.

The young people will compose a mixed group from the Presbyterian church and will prepare a special number to be sung. Plans are being made to make the evening services more attractive in musical programs. Large crowds have attended recent evening worship services.

The pastor will preach at the regular hour of worship. A hearty greeting awaits you at the church. Visit at any of the services.

Dr. E. H. O'Neal of Rosebud attended the state convention of Texas dentists in Houston last week, spending four days there. He visited in the home of his parents, Mr. and Mrs. A. R. O'Neal on his way to the convention.

BRIDGE PARTY

Misses Willyne Hyde and Ivy Armstrong were joint hostesses to a pretty bridge party Monday afternoon at 3:30 at the home of Mr. and Mrs. Max Fox, 701 East 13th Street. The attractive home was inviting with bowls and vases of handsome nasturtiums, carrying out a yellow color theme where five tables were laid for games.

Miss Mary Lake Henderson captured highest score, Mrs. Oxsheer Smith second highest and consolation fell to Miss Aetna Smith and were pretty gift shop articles.

Mesdames Fox and W. R. Hoover acted as assistant hostesses in serving a delectable salad course with punch.

MISS DAVIS HONORED

Sweet peas in a variety of shades with delicate tracery of greenery with pink predominating, ornamented the living room when Miss Grace Mangum entertained Monday afternoon naming as honor guest Miss Fannie Lou Davis, a bride-elect of next month.

Gay touches of color were seen in table appointments, carrying out a pretty pink and green combination where three tables of players enjoyed exciting games. At the conclusion highest score was made by the honor guest, Miss Davis, and consolation fell to Mrs. Hamilton Bonnet, who presented the gift to the honoree; she was also presented with a beautiful gift from the hostess. Table cuts, sweet pea corsages went to Misses Mary Lake Henderson, Winnie Henderson and Mrs. Gaston Barmore.

Mrs. George Mangum and Mrs. George Graves, mother and sister of the hostess, respectively, acted as as-

sistant hostesses and helped serve an appetizing salad course with lavender and green drink.

BIRTHDAY PARTY AT THE PRESBYTERIAN CHURCH

Baskets of handsome Salt Cedar in bloom with pretty greenery lent beauty to the basement of the Presbyterian church Monday afternoon when the ladies of the church held their tenth annual birthday party when free will offerings are taken, the proceeds to go to the different funds, as needed.

Mrs. Mary Henderson led the devotional. Mrs. Mary McLane Lawrence presided over a delightful program as follows:

Vocal duet, Misses Patsie McGregor and Mary Virginia Sutton. Pageant, "Love's Answer," by Mesdames George Cay, W. C. Ford, Dan Tyson, John Mue assisted by Misses Frances McDermott, Catherine and Ruth Mode, Jane Tyon, Mary Virginia Sutton, Patsie McGregor, Patsie Lyons, Mickey Nairn, Gladys Criswell, Dorothy Lesovsky, Marjorie Dusek, Lucille McDermott and Mary Dusek. They were all in costume representing different nations. Little Lucille McDermott gave a catchy reading in her own sweet way.

A social hour was enjoyed at the close of the program when a salad course with drink was served.

MAAS-LUNSFORD

Ed R. Maas and Miss Addie Mae Lunsford were quietly married at the Methodist parsonage Wednesday evening, May 20 at nine o'clock, Rev. C. A. Lehmberg officiating.

The bride is the daughter of Dan Lunsford, deputy marshal of Cameron, and is well known by a large circle of friends.

The groom is the son of Chas. Maas a prominent farmer of Burlington. He is a young farmer and they will make their home at Burlington.

The Herald extends its best wishes to the newly weds.

FINLEY SHEETS DIES HERE ON MAY 16

TAYLOR BUSINESS MAN IN VENTURE HERE DEAD AT AGE OF 75

Finley Sheets, 75, died Saturday, May 16, 1931 at four o'clock in the morning of cancer, at the hospital where he had been taken a few days previous for treatment.

Mr. Sheets was born March 4, 1856 at Wheelock, Texas. He came to Cameron from Taylor about two months ago and had purchased the J. P. Werner stock of dry goods and was operating a store when taken ill.

Deceased was a member of the Episcopal church and was a man of splendid qualities and a good business man. During his short residence here had made many friends who regret his passing.

Deceased is survived by his wife, no children, three sisters, Mrs. Fannie Young, Mrs. E. H. Boos of Ballinger and Mrs. Mary V. Gay of Brownsville. Mr. and Mrs. Sam Bunnell of Taylor were here and accompanied Mrs. Sheets to Taylor where the funeral was held by Rev. F. H. Stedman, Episcopal minister, Monday afternoon at five o'clock at Taylor cemetery where the remains were interred. The body lay in state here at the Coleman-Eplen Funeral Chapel until three o'clock when it was conveyed to Taylor overland by Coleman-Eplen, undertakers.

Mr. and Mrs. S. Kestenbaum have returned from a delightful visit in New Orleans. While there they enjoyed the scenes of this historic old city and he attended a meeting of the wholesale grocersmen.

Odd New Zealand Bird, Kiwi, Nears Extinction

The strangest bird in the world—the kiwi-kiwi, is described as follows in Boys' Life, the Boy Scout publication.

"Native of New Zealand, he nearly makes fact of ancient fable—current when the continent was first discovered—that everything around Australia was upside down. The kiwi is practically wingless and completely flightless. He has no visible tail. His brownish plumage, moreover, because the feather-filaments are disunited, looks more like coarse hair. His nostrils, unlike any other bird's, are at the very tip of the long beak, that is flexible and very sensitive to touch.

"The kiwi grows like a dog, and snaps his bill as you crack your fingers; he can hiss like a cat when angry. His extraordinarily powerful legs can give mighty kicks, not backward but forward, and have been known to break a bone in a man's hand. In small flocks, the few kiwis left of a disappearing species inhabit New Zealand's hilly forests. Females burrow long tunnels, laying in a nest at the very end of it two large eggs—eggs a quarter the length of the whole bird. Incubating is entirely the job of the male.

"Maoris are very fond of kiwi flesh broiled or roasted, so fond that the bird was well hunted out before ever a white man saw one. Now the peculiar bird, distant relative of ostrich, emu, cassowary, and survivor of a species that flourished with the extinct, gigantic dinosaurs and fierce, sluggish moas, millions of years ago, is fast approaching extinction."

Marriage Promise Just Incident of Vacation?

A New Yorker, lifted out of his habitual caution by the balmy atmosphere of Florida during a winter vacation, brought suit against a girl he met down there, to recover a ring. The young lady contested the suit.

When it came up in court, the young man said that they had enjoyed a fond good-by on the beach, but later, when both had returned to New York, the girl had passed him up cold. The girl herself admitted it, saying:

"I really didn't know whether I should recognize him or not. Our acquaintance in Florida was really very slight."

"But," expostulated the court, glancing at the sparkling ring, "you promised to marry him, didn't you?"

"Why, yes," admitted the girl, "but that was all."—Los Angeles Times.

Europe's "Holy Alliance"

The Holy Alliance was the name of a league formed by Russia, Austria and Prussia after the fall of Napoleon in 1815 for the purpose of regulating the affairs of Europe "by the principles of Christian charity," says an article in Pathfinder Magazine. Notwithstanding its professed purpose the real policy of the Holy Alliance was to make every endeavor possible to stabilize existing dynasties and to resist all change. The league endured until 1830 and was in time joined by all the important and European monarchs except those of England and Turkey. The Monroe Doctrine was enunciated largely to warn the Holy Alliance not to interfere with the newly established republics in Latin America.

Biblical Flowers

There are comparatively few flowers named in the Bible. It is reported that as a whole the Syrian people were not particularly fond of flowers. Among those named are the myrtle, Isaiah, 4:13; Rose of Sharon, Isaiah, 35:1; Song of Solomon, 2:1; Lily, I Kings, 7:26; Son of Solomon, 2:16; 6:23; Matthew, 6. Flax is found in Exodus, Genesis, Leviticus, Esther, Judges, Proverbs and Kings. Burning bush (or acacia) is mentioned in Exodus, 3:4. The lily is an Arabic general term and applies to the tulip, ranunculus, narcissus, iris, water lily, and particularly the anemones which carpet the ground during the summer season throughout Palestine.

Treasure Trove on Farm

On the land of a widow farmer of Aarhus (Denmark) 6,000 copper and silver coins of the days of Eric Glipping (1250-1286), king of Denmark, were found. It was in the reign of this king that the first rigsdag, or general assembly, became an established legislature in Denmark. The coins, as treasure trove, were by law the property of the state, but the widow received a sum of money in exchange.

Only Daddy

Elizabeth Ann's mother was telling the little girl and her small brother the story of Cinderella. Suddenly there came a knock from the front door.

"Go see who's there," said her mother. "Maybe it's the fairy prince."

Elizabeth Ann hurried from the room. "No, it isn't a fairy prince," she called back, disappointedly from the hall. "It's only daddy!"

Big Business

John, age eight, had just been promoted to 3A. One day when he came home he was telling his mother about their new organization; that they had elected a president, vice president and such. Mother asked what the object of the organization was and after a moment John replied:

"To promote better citizenship."
